system dysregulation or sensitization which can result in chronic mental and physical pain and confusion leaving you unable to cope with life's strains and stresses. Mind-body practitioners Jen Mann and Karden Rabin, co-founders of the Chronic Fatigue School, now provide the first in-depth look at nervous system regulation, somatic therapy, Polyvagal theory, the vagus nerve, and the mind-body connection. Combining science-backed insights and hands-on techniques, *The Secret Language of the Body* teaches you how to move out of survival mode, regulate your nervous system, and heal your mind and body. Rabin and Mann don't teach stress management but something far more powerful: how to control your body's nervous system. With this revolutionary book, you will learn to skillfully speak the language of your body and train it to not only manage stress but achieve personal transformation. *The Secret Language of the Body* includes helpful illustrations.
