Compendium of Practical Astronomy Günter D. Roth, 1994-10-07 It is a pleasure to present this work, which has been well received in German-speaking countries through four editions to the English-speaking reader. We feel that this is a unique publication in that it contains valuable material that cannot easily, if at all, be found elsewhere. We are grateful to the authors for reading through the English version of the text and for responding promptly for the most part to our queries. Several authors have supplied us on their own initiative or at our suggestion with revised and updated manuscripts and with supplementary English references. We have striven to achieve a translation of *Handbuch für Sternfreunde* which accurately presents the qualitative and quantitative scientific principles contained within each chapter while maintaining the flavor of the original German text. Where appropriate, we have inserted footnotes to clarify material which may have a different meaning and/or application in English-speaking countries from that in Germany. When the first English edition of this work, *Astronomy: A Handbook*, translated by the late A. Beer, appeared in 1975, it contained 21 chapters. This new edition is over twice the length and contains 28 authored chapters in three volumes. At Springer's request, we have devised a new title, *Compendium of Practical Astronomy*, to more accurately reflect the broad spectrum of topics and the vast body of information contained within these pages.

Art as a Pathway to God Susangeline Yalili Patrick, 2024-04-22 This book integrates history, theology, and art and analyzes the Jesuits' cross-cultural mission in late imperial China. Readers will find a rich collection of resources from historical sites, museums, manuscripts, and archival materials, including previous unpublished works of art. The production and circulation of art from different historical periods and categories show the artistic, theological, and missional values of Christian art. It highlights European Jesuits, Asian Christians, transnationalism, and gives voice to Chinese Christian women.
