

# DANGLING MODIFIER

A dangling modifier is a modifier (a word or a phrase) that doesn't modify anything in a sentence; it misses the word or words it intends to modify or can possibly modify.

(dangling modifier)

**Having lost the job,** the house had to be sold.

The house can't lose a job. Can it lose a job? It can't, right? And there is nothing else in the sentence that can be modified either.

## Correction:

- **Having lost the job, Max** had to sell the house.

Here, we have added a noun (**Max**) that can be modified by the modifying phrase "having lost the job". It is Max who had lost the job.

- **Since I had lost the job,** the house had to be sold.

Here, we have changed the dangling modifier to an adverb clause. Now, it is working as the cause of the main clause.
