M. Stott, 1978 **Chilton's Guide to Small Computer Repair and Maintenance**, 1986 Spine title Chilton small computer repair and maintenance A troubleshooting manual covering the major components of personal computers and how to repair them Art vs. TV Francesco Spampinato, 2021-12-02 While highlighting the prevailing role of television in Western societies Art vs TV maps and condenses a comprehensive history of the relationships of art and television With a particular focus on the link between reality and representation Francesco Spampinato analyzes video art works installations performances interventions and television programs made by contemporary artists as forms of resistance to and appropriation and parody of mainstream television The artists discussed belong to different generations those that emerged in the 1960s in association with art movements such as Pop Art Fluxus and Happening and those appearing on the scene in the 1980s whose work aimed at deconstructing media representation in line with postmodernist theories to those arriving in the 2000s an era in which

through reality shows and the Internet anybody could potentially become a media personality and finally those active in the 2010s whose work reflects on how old media like television has definitively vaporized through the electronic highways of cyberspace These works and phenomena elicit a tension between art and television exposing an incongruence an impossibility not only to converge but at the very least to open up a dialogical exchange
