

Specimen Coursework assignment and answer 123 Advanced Insurance broking

The quantitative models described in the assignment are applied to three different forms of insurance contracts. These problems involve the deep mathematics of interest rates by the students.

The course paper is not required to be the highest quality, but students should be aware that their performance will be assessed.

Students submitting work will need to provide assignment questions to the students (not the students) and the following information:

- 1) Assignment questions (please email them)
- 2) How to submit assignments (please email them)
- 3) Submitting your results (please email them)
