Cases of Assessment in Mathematics Education M. Niss, 2013-04-17 The present book *Cases of Assessment in Mathematics Education* is one of two studies resulting from an ICMI Study Conference on Assessment in Mathematics Education and Its Effects The book which is published in the series of ICMI Studies under the general editorship of the President and Secretary of ICMI is closely related to another study resulting from the same conference *Investigations into Assessment in Mathematics Education* Niss 1992 The two books although originating from the same sources and having the same editor emphasize different aspects of assessment in mathematics education and can be read independently of one another While the present book is devoted to presenting and discussing cases of assessment that are actually implemented the other study attempts to critically analyze general and principal aspects of assessment Naturally the content of either book is enriched by the materials and perspectives provided by the other one In order to put this book and its background into context the nature and scope of the ICMI studies are outlined briefly below Certificate Mathematics Alex

Greer, Clarrie Layne, 2001 *Certificate Mathematics* is a two year revision course for students following the General Proficiency Syllabus in Mathematics of the Caribbean Examinations Council It provides a programme for thorough review and consolidation of all the basic aspects of mathematics needed for success in the examination The fourth edition of this extremely popular and successful textbook Takes account of the latest changes to the CXC syllabuses Incorporates a very large number of graded exercises to help students learn by doing Includes chapter summaries and points to remember that enhance the usefulness of the book for consolidation and revision Contains specimen tests in preparation for the multiple choice and long answer papers of the CXC examination Used systematically *Certificate Mathematics* will provide students with a firm foundation for success in their CXC mathematics examinations **The Believers: Stories** A. K.

Herman, 2024-12-01 A. K. Herman's wondrous and shattering debut collection imbues people on the periphery with power hardly visible to outsiders where no one conforms to type In the title story to leave a seemingly friendly and supportive church a family must risk everything In *The Iridescent Blue* Black Boy with Wings After Marquez children find a winged boy in a seaside village in Tobago In *Ready for the Revolution* uncertain lovers play rough with identity politics and are set on an unexpected path In *Drink the Dew* love and wrath become one while the young woman in *Inside* navigates a complicated business arrangement with her lover In *Love* a scandalous affair produces a love child born with a dark omen while in *Exile* a pregnant teen from a staunchly religious family is exiled to have her baby in secret A gardener in *Love Story No 8* falls for a rich man's daughter to disastrous ends *The Believers* is at once poignant and subversive haunting and truly unforgettable

Handbook of Mobile Learning Zane L. Berge, Lin Muilenburg, 2013-06-19 Winner of the AECT Division of Distance Learning DDL Distance Education Book Award This handbook provides a comprehensive compendium of research in all aspects of mobile learning one of the most significant ongoing global developments in the entire field of education Rather

than focus on specific technologies expert authors discuss how best to utilize technology in the service of improving teaching and learning For more than a decade researchers and practitioners have been exploring this area of study as the growing popularity of smartphones tablets and other such devices as well as the increasingly sophisticated applications for these devices has allowed educators to accommodate and support an increasingly mobile society This handbook provides the first authoritative account of the theory and research that underlies mobile learning while also exemplifying models of current and future practice
