Free Us from Bullying Paul T. Coughlin,2018-08-14 Much of what we believe about bullying isn t true An estimated twenty million oppressed children need our help today A critical mission field awaiting Christians is to combat bullying and proclaim liberty to wounded children To counter bullying we must first understand some common misconceptions It is not necessarily true that bullies have low self esteem and come from abusive homes It is not true that kids who aren t bullied are indifferent to those who are Bullying is not a school problem and

teachers are not the frontline defense Children who are bullied do not become stronger adults Bullies cannot be stopped merely with more compassion and understanding In fact bullying stems from the same roots as racism sexual harassment and even genocide and it requires people to combat it in similar ways that they combat other forms of oppression and injustice We often think of combating injustice overseas but we can combat a very real and dangerous injustice in our own neighborhoods After more than a decade of working with tens of thousands of students teachers parents and pastors Coughlin knows that bullying represents the worst in human nature but combating it promotes the best Kindness and awareness two buzzwords in today s anti bullying movement will not end bullying on their own They must be activated by courage transforming bystanders into righteous loving protectors of targets When we join this mission of love and justice we will become peacemakers who are blessed and called children of God Matt 5 9 **Flame in Motion** Denise E.

Stewart,2013-11-05 Love burns like a blazing fire like a mighty flame Love never fails and that is who we are as flames in motion We are Gods love in motion Even though waters may come and try to quench our love and Gods light in us know Gods promise that rivers cannot wash it away Song of Songs 8 7 Denise Stewart in *Flame in Motion* shares her own heartfelt story of challenges perseverance and clinging to Gods love and the light of His saving grace through His Son Jesus Christ Denise openly expresses her love for God and encourages the reader to know that Gods love is everlasting God is faithful Abiding in His love is living breathing and resting in love we can count on because His love for us is enduring love Gods love is not human love even as we are reflections of His love to one another We despite our imperfections are the hope of glory called to shine the light of Jesus Christ to the world We achieve this through intimacy with our heavenly Father Now is the time God wants us He loves us Even as waters rise no matter what is going on in our lives they cannot quench His love because Gods love never fails New Organizational Designs Bob Travica,1999-05-12 The organizational world today has been

Contesting Boundaries in Social Work Education Susan E. Roche, 1999. This book takes the discourse of cooperative learning to new territories. Susan E Roche, Marty Dewees and company take a critically reflective look at educational and global human rights philosophy as well as social work's commitment to social justice. In liberatory teaching and learning, social work educators engage the mechanisms of privilege, power, and authority that inhabit the academic world no less than the practice world. The authors place social work education within a global framework and develop their postmodern educational philosophy around a set of five liberatory principles. These principles question the hierarchies and status-based roles and identities found in social work classrooms and field practice. BSW, MSW, and doctoral educators and students will find helpful case examples illustrating the principles at work. In the final section, the authors discuss the challenges of liberatory education as well as strategies to address them. *The Official Journal and Minutes* United Methodist Church (U.S.). Planning, Monitoring and Evaluation in Development Organisations John De Coninck, 2008-04-18. Effective planning, monitoring, and evaluation (PME) is essential for organisational survival and for sustainable development but remains a challenge for many development organisations in spite of countless workshops, manuals, and intervention of experts. This book presents real life experiences of 20 PME trainers and facilitators from Africa, Asia, and Europe and offers suggestions for effective PME support processes with a focus on civil society organisations. The authors seek to embrace a total organisation approach to PME, one that looks at an organisation in its entirety, including its financial dimension, its environment, its collaborators, and competitors in a context informed by local and national cultures.
