Economic Strategies. Potential Improvements of Burberry Marcel Strangmueller, 2018-03-21 Project Report from the year 2017 in the subject Business economics Business Management Corporate Governance grade 73 Queen Margaret University language English abstract An analysis of Burberry a luxury goods company using 6 different frameworks to help identify strategies as well as a SWOT TOWS analysis to uncover potential improvements of the company's performance Emphasis is set on strategies concerning the business environment international strategies and an evaluation of value created by Burberry for its customers After the TOWS a recommendation will be given that has the potential to increase performance significantly if used appropriately The following analysis will be based around three areas 1 the

environment Burberry operates in 2 the value they add to the products and 3 the strategies Burberry uses to compete internationally A PESTEL analysis will be the start to determine external factors of the environment influencing Burberry's business following up on that will be Porter's 5 forces model to examine what the forces that influence the company and its competitors To analyse the strategic capabilities Burberry has a VRIO and a value chain will be used to see which activities add value to for the consumer Lynch suggest that the model for modes of entry and Porter's 4 international strategies are a good way to evaluate a company's international strategies so those will be used in a combination for this report Burberry PLC is a manufacturer wholesaler and retailer based in London which operates in the luxury sector and is selling apparel and non apparel products on high quality standards The company has about 10 000 employees in over 500 stores around the world Its revenue in 2016 17 was about 2 8 billion and its EBIT close to 400 million making it one of the strongest companies in the UK Because of its high status and quality it received two royal warrants from Britain's royal family over the years giving the company high prestige and backing up their operations The sector of luxury goods is a fast paced highly competitive with strong names such as Gucci Luis Vuitton Prada and Hermes Designs change fast and so does fashion As most of the large luxury companies Burberry operates mainly in Europe the US and Asia The wealthy areas of central Europe with its high living standard the rising number of millionaires in China and India and the constant need of luxury in the United States give all prestigious companies reasons to expand and do business in those regions

Handbook of Research on Organizational Sustainability in Turbulent Economies Perez-Uribe, Rafael Ignacio, Salcedo-Perez, Carlos, Carvajal-Contreras, Andres, 2022-04-15 Organizational sustainability and uncertain economies are key topics for modern organizations New updated knowledge about such matters is necessary for companies to ensure they are sufficiently prepared for future crises Additional research is required in this area as the overall amount of material available is below par The Handbook of Research on Organizational Sustainability in Turbulent Economies provides theoretical and practical evidence that demonstrates how the integration adaptation construction and application of strategic models methods and tools can promote organizational sustainability for economies in situations of uncertainty Covering topics such as work engagement and sustainable development goals this major reference work is ideal for academicians practitioners policymakers entrepreneurs business owners researchers instructors and students
