## **Pottery Analysis A Sourcebook:**

Pottery Analysis, Second Edition Prudence M. Rice, 2015-07-09 Just as a single pot starts with a lump of clay the study of a piece's history must start with an understanding of its raw materials This principle is the foundation of Pottery Analysis the acclaimed sourcebook that has become the indispensable guide for archaeologists and anthropologists worldwide By grounding current research in the larger history of pottery and drawing together diverse approaches to the study of pottery it offers a rich comprehensive view of ceramic inquiry This new edition fully incorporates more than two decades of growth and diversification in the fields of archaeological and ethnographic study of pottery It begins with a summary of the origins and history of pottery in different parts of the world then examines the raw materials of pottery and their physical and chemical properties It addresses ethnographic and ethnoarchaeological perspectives on pottery production reviews the methods of studying pottery's physical mechanical thermal mineralogical and chemical properties and discusses how proper analysis of artifacts can reveal insights into their culture of origin Intended for use in the classroom the lab and out in the field this essential text offers an unparalleled basis for pottery research Pottery Analysis Prudence M. Rice, 1987 A comprehensive sourcebook drawing together diverse approaches to the study of pottery archaeological ethnographic stylistic functional and physicochemical The author uses pottery as a starting point for insights into people and culture and examines in detail the methods for studying these fired clay vessels pub desc Pottery Analysis Prudence M. Rice, 1987 A rich and comprehensive sourcebook Pottery Analysis is a classic work that draws together diverse approaches to the study of pottery archaeological ethnographic stylistic functional and physiochemical Back cover **Pottery in Archaeology** Clive Orton, Mike Hughes, 2013-05-13 This is an up to date account of the different kinds of information that can be obtained through the archaeological study of pottery Foodways Archaeology - Methods and Cases Tanya M. Peres, 2023-09-27 This volume presents an overview of methodologies to identify and study foodways in the archaeological record It also includes definitions information and examples for students and professionals to understand the basic analytical approaches methods and themes critical to archaeological studies of foodways One of the main goals of this book is to show that foodways can help us better understand many aspects of a culture and can be studied from the material culture recovered from archaeological sites It is important to stress that foodways are and should be studied by more than zooarchaeologists and paleoethnobotanists Foodways encompass the biological and cultural need for sustenance and thus are a research area that incorporates a multitude of artifact types analytical specialties and research questions Foodways are a tangled web of ideas and behaviors that structure diet subsistence strategies cuisines and the use of food to express identity While foodstuffs are primary components to foodways the consumption of material foods is inherently social Food dishes and cuisines are expressions of the people culture and time in which they are created Foodways Archaeology is devoted specifically to the archaeological study of the intersection of food culture history and traditions as viewed in the archaeological record
