Blue Highways:

BLUE HIGHWAYS Revisited Edgar I. Ailor, Edgar I. Ailor (IV.), 2012-05-25 In 1978 William Least Heat Moon made a 14 000 mile journey on the back roads of America visiting 38 states along the way In 1982 the popular Blue Highways which chronicled his adventures was published Three decades later Edgar Ailor III and his son Edgar IV retraced and photographed Heat Moon s route culminating in Blue Highways Revisited released for publication on the thirtieth anniversary of Blue Highways A foreword by Heat Moon notes The photographs often with amazing accuracy capture my verbal images and the spirit of the book Taking the journey again through these pictures I have been intrigued and even somewhat reassured that America is changing not quite so fast as we often believe The photographs happily reveal a recognizable continuity but for how much longer who can say and I m glad the Ailors have recorded so many places and people from Blue Highways while they are yet with us Through illustrative photography and text Ailor and his son capture once more the local color and beauty of the back roads cafes taverns and people of Heat Moon s original trek Almost every photograph in Blue Highways Revisited is referenced to a page in the original work With side by side photographic comparisons of eleven of Heat Moon s characters this new volume reflects upon and develops the memoir of Heat Moon s cross country study of American culture and spirit Photographs of Heat Moon s logbook entries original manuscript pages Olympia typewriter Ford van and other artifacts also give readers insight into Heat Moon s approach to his trip Discussions with Heat Moon about these archival images provide the reader insight into the travels and the writing of Blue Highways that only the perspective of the author could provide Blue Highways Revisited reaffirms that the blue highway serves as a romantic symbol of the free and restless American spirit as the Ailors lose themselves to the open road as Heat Moon did thirty years previously This book reminds readers of the insatiable attraction of the blue highway But in those brevities just before dawn and a little after dusk times neither day or night the old roads return to the sky some of its color Then in truth they carry a mysterious cast of blue and it s that time when the pull of the blue highway is strongest when the open road is a beckoning a strangeness a place where a man can lose himself Introduction to Blue Highways

Blue Highways William Least Heat Moon, 1991 William Least Heat Moon s journey into America began with little more than the need to put home behind him At a turning point in his life he packed up a van he called Ghost Dancing and escaped out of himself and into the country The people and the places he discovered on his roundabout 13 000 mile trip down the back roads blue highways and through small forgotten towns are unexpected sometimes mysterious and full of the spark and wonder of ordinary life Robert Penn Warren said He has a genius for finding people who have not even found themselves The power of Heat Moon s writing and his delight in the overlooked and the unexamined capture a sense of our national destiny the true American experience Blue Highways William Least Heat-Moon, 2012-04-03 Hailed as a masterpiece of American travel writing Blue Highways is an unforgettable journey along our nation s backroads William Least Heat Moon set out with little more than the need to put home behind him and a sense

of curiosity about those little towns that get on the map if they get on at all only because some cartographer has a blank space to fill Remote Oregon Simplicity Virginia New Freedom Pennsylvania New Hope Tennessee Why Arizona Why not Mississippi His adventures his discoveries and his recollections of the extraordinary people he encountered along the way amount to a revelation of the true American experience [Blue Highways](#) William Least Heat-Moon, 1991-10-01 That unexcelled exploration of our nation based on a 13 000 mile journey in a Ford van along back roads printed in blue on old maps is available for the first time in a trade paperback edition that replicates the style and design of the original hardcover Photographs and maps **Blue Highways [book Club Kit]** William Least Heat Moon, 2013 Hailed as a masterpiece of American travel writing Blue Highways is an unforgettable journey along our nation's backroads William Least Heat Moon set out with little more than the need to put home behind him and a sense of curiosity about those little towns that get on the map if they get on at all only because some cartographer has a blank space to fill Remote Oregon Simplicity Virginia New Freedom Pennsylvania New Hope Tennessee Why Arizona Why not Mississippi His adventures his discoveries and his recollections of the extraordinary people he encountered along the way amount to a revelation of the true American experience Page 4 of cover **Roadtripping USA** Let's Go Inc., 2009-03-31 Travel Guides [Blue Highways](#) William Least Heat Moon, 1999-10 Recounts the author's journey through America along the nation's backroads **Writing BLUE HIGHWAYS** William Least Heat-Moon, 2014-05-13 Winner Distinguished Literary Achievement Missouri Humanities Council 2015 The story behind the writing of the best selling Blue Highways is as fascinating as the epic trip itself More than thirty years after his 14 000 mile 38 state journey William Least Heat Moon reflects on the four years he spent capturing the lessons of the road trip on paper the stops and starts in his composition process the numerous drafts and painstaking revisions the depressing string of rejections by publishers the strains on his personal relationships and many other aspects of the toil that went into writing his first book Along the way he traces the hard lessons learned and offers guidance to aspiring and experienced writers alike Far from being a technical manual Writing Blue Highways The Story of How a Book Happened is an adventure story of its own a journey of exploration into the myriad routes of heart and mind that led to the making of a book from the first sorry and now vanished paragraph to the last words that came not from a graphite pencil but from a letterpress in Tennessee Readers will not find a collection of abstract formulations and rules for writing rather this book gracefully incorporates examples from Heat Moon's own experience As he explains This story might be termed an inadvertent autobiography written not by the traveler who took Ghost Dancing in 1978 over the byroads of America but by a man only listening to him That blue roadman hasn't been seen in more than a third of a century and over the last many weeks as I sketched in these pages I've regretted his inevitable departure Filtered as the struggles of the blue roadman are through the awareness of someone more than thirty years older with a half dozen subsequent books to his credit the story of how his first book happened is all the more resonant for readers who may not themselves be writers but who are interested in the
