Language Status And Power In Iran:

    Language, Status, and Power in Iran William O. Beeman,1986-10-22 excellent example significant contribution an important interdisciplinary work Middle East Journal an important contribution to aspects of Iranian social communication and interpersonal verbal behavior Language By showing the reader the intricacies of face to face sociolinguistic interaction William Beeman provides a key to understanding Iranian social and political life Beeman s study in cross cultural linguistics will clearly be a model for the study of different languages and cultures   **The Sociolinguistics of Iran's Languages at Home and Abroad** Seyed Hadi Mirvahedi,2019-06-29 This book examines the sociolinguistics of some of Iran s languages at home and in the diaspora The first part of the book examines the politics of minority languages and the presence of hegemonic discourses which favour Persian Farsi in Iran exploring issues such as language maintenance and shift linguistic ideologies and practices among Azerbaijani and Kurdish speaking communities The authors then go on to examine Iranians linguistic ideologies practices and trans national identity construction in the diaspora investigating both the challenges of maintaining a home language and the strategies and linguistic repertoires employed when constructing a diasporic identity away from home This book will be of interest to students and scholars of minority languages and communities diaspora and migration studies and language policy and planning   Power, Islam, and Political Elite in Iran Eva Rakel,2008-11-30 The Iranian Islamic revolution brought about a political system based on a combination of state institutions that derive their legitimacy from Islamic law and republican institutions legitimized by the people As there are no legal political parties in the Islamic Republic of Iran political factions represent the varying ideological and material interests of members of the political elite and their supporters This book analyzes the rivalries between the political factions and their related state institutions and the impact of the dynamics of factionalism on domestic economic and socio cultural and foreign policy formulation It shows that tensions inherent to the structure of state institutions and factional rivalries slow down the process of democratization and economic reforms in the Islamic Republic of Iran   Trends in Iranian and Persian Linguistics Alireza Korangy,Corey Miller,2018-01-22 This set of essays highlights the state of the art in the linguistics of Iranian languages The contributions span the full range of linguistic inquiry including pragmatics syntax semantics phonology phonetics lexicography historical linguistics and poetics and covering a wide set of Iranian languages including Persian Balochi Kurdish and Ossetian This book will engage both the active scholar in the field as well as linguists from other fields seeking to assess the latest developments in Iranian linguistics   **Feeding Iran** Rose Wellman,2021-06-15 Since Iran s 1979 Revolution the imperative to create and protect the inner purity of family and nation in the face of outside spiritual corruption has been a driving force in national politics Through extensive fieldwork Rose Wellman examines how Basiji families as members of Iran s voluntary paramilitary organization are encountering enacting and challenging this imperative Her ethnography reveals how families and state elites are employing blood food and prayer in commemorations for martyrs in Islamic national rituals

to create citizens who embody familial piety purity and closeness to God Feeding Iran provides a rare and humanistic account of religion and family life in the post revolutionary Islamic Republic that examines how home life and everyday piety are linked to state power **Iran Revisited** Ali Pirzadeh,2016-04-20 This book examines Modern Iran through an interdisciplinary analysis of its cultural norms history and institutional environment The goal is to underline strengths and weaknesses of Iranian society as a whole and to illustrate less prescriptive explanations for the way Iran is seen through a lens of persistent collective conduct rather than erratic historical occurrences Throughout its history Iran has been subject to many studies all of which have diagnosed the country s problem and prescribed solutions based on certain theoretical grounds This book intends to look inward seeking cultural explanations for Iran s perpetual inability to improve its society The theme in this book is based on the eloquent words of Nasir Khusrau a great Iranian poet az mast ki bar mast The words are from a poem describing a self adoring eagle that sees its life abruptly ended by an arrow winged with its own feathers the bird is doomed by its own vanity The closest interpretation of this idiom in Western Christian culture is you reap what you sow which conveys a similar message that underlines one s responsibility in the sense that sooner or later we must face the choices we make This would enable us to confront and live up to what Iran s history and culture have taught us

International Journal of the Sociology of Language ,1974 **Language** George Melville Bolling,Bernard Bloch,1988 *German Studies in North America* Keith Duane Alexander,Annemarie Sammartino,2004 Facts about the World's Languages Jane Garry,Carl R. Galvez Rubino,2001 An authoritative source of rich structured data for both the general public and linguistic experts Each of the 191 chapters is written by an expert and devoted to a single language Three indexes are included for cross reference Language by Country Language by Family Language by Alternate Names Entry Headings include Language Name Location Family Related Languages Dialects Number of Speakers Origin and History Orthography and Basic Phonology Basic Morphology Basic Syntax Contact with Other Languages Common Words Selected Bibliography and Efforts to Preserve Protect and Promote the Language Facts About the World s Languages has been honoured by Choice Magazine as an Outstanding Academic Title of 2001 **Modern Iran Since 1921** Ali M. Ansari,2003 This is fundamentally a book about change and the politics of managing that change as successive governments and political elites sought and continue to seek to navigate a stable and sustainable route from a perception of tradition to a particular conception of modernity introd *Iranian and Minority Languages at Home and in Diaspora* Anousha Sedighi,2023-02-20 While the typology syntax and morphology of Iranian languages have been widely explored the sociolinguistic aspects remain largely understudied The present companion addresses this essential yet overlooked area of research in two ways i The book explores multilingualism within Iran and its neighbouring countries ii It also investigates Iranian heritage languages within the diasporic context of the West The scope of languages covered is vast In addition to discussing Iranian minority languages such as Tati and Balochi the book explores non Iranian minority languages such as Azeri Tukmen Armenian and Mandaic

Furthermore the companion investigates Iranian heritage languages such as Wakhi Pashto and Persian within their diasporic and global contexts In the current era of migration and globalization minority and heritage speakers are increasingly valuable resources By focusing on the speakers the companion provides new insights into a multitude of sociolinguistic issues including language attitude and identity language use and literacy practices language policy language shift and loss The companion is an essential reference for those interested in Iranian languages minority languages heritage languages sociolinguistics bilingualism language policy and planning diaspora and migration studies as well as those researching in related fields **Iranian Culture** Michael C. Hillmann,1990-07-24 In light of the great importance Iranians themselves attach to their imaginative Persian literature and in light of the underutilization of literary figures works and evidence in existing studies of Iranian culture this work focuses on leading authors and classic literary works in attempting to discern enduring cultural features and values It is a Persianist account of the pivotal features of Iranian culture through the eyes of six Persian literary figures three from the pre modern and three from the modern literary history of Iran The work examines the literary dimensions of the Persian culture as well as the political social and religious significance of the dimensions within the culture The author reveals the ancient Persian tradition of the struggle between two opposing forces and the way in which it relates to the present political turmoil in that country *The Government And Politics Of The Middle East And North Africa, Fourth Edition* David Long,Bernard Reich,2002-04-08 Rapid social economic and political change is endemic to the Middle East and is often more revolutionary than evolutionary in nature In many ways the entire political landscape of the Middle East has been transformed in the past decade in the realm of both international relations and domestic politics The collapse of the Soviet Union the end of the cold war and the Iraqi invasion of Kuwait have all had a profound effect on relations among states within the region and between those states and countries outside the region In this revised edition Long and Reich provide comprehensive and up to date analyses of many critical contemporary events and issues The contributors explain how Desert Storm isolated Iraq and brought Syria back into the mainstream of Arab politics contributing to the revival of the Arab Israeli peace process They also show how the return of a Labor government in Israel has allowed the peace process to go forward Evaluating the economic costs of the Kuwait war and the continuing oil glut the authors find that resulting changes in the domestic economies of the oil producing states have created additional pressures for social and political change The most profound change in government and politics however is the rise of Islam as the idiom of political discourse among moderates as well as extremists Linguistics and Language Behavior Abstracts ,2004 **Structure and Agency in the Iranian Revolution of 1979** Charles T. Kurzman,1992 Historical Dictionary of Iran John H. Lorentz,1995-09-12 Guide to the names places and events in Iranian history **Annual Review of Anthropology** ,1993 **Face Communication and Social Interaction** Francesca Bargiela-Chiappini,Michael Haugh,2009-05 This book offers an alternative approach in focusing on the ways in which face is both constituted in and constitutive of social interaction and

its relationship to self identity and broader sociocultural expectations   **Choreophobia** Anthony Shay,1999 In spite of the negative reactions solo improvised dance can evoke nonetheless it is also loved and performed throughout the Iranian world emphasizing the ambiguity that accompanies its performances in various social contexts Jacket
