[The Little Book of Trauma Healing: Revised & Updated](#) Carolyn Yoder, 2020-06-02. How do we address trauma, interrupt cycles of violence, and build resilience in a turbulent world of endless wars, nationalism, othering, climate crisis, racism, pandemics, and terrorism? This fully updated edition offers a practical framework, processes, and useful insights. The traumas of our world go beyond individual or one-time events. They are collective, ongoing, and the legacy of historical injustices. How do we stay awake rather than numbing or responding violently? How do we cultivate individual and collective courage and resilience? This Little Book provides a justice- and conflict-informed, community approach to addressing trauma in nonviolent, neurobiologically sound ways that interrupt cycles of violence and meet basic human needs for justice and security. In these pages, you'll find the core framework and tools of the internationally acclaimed Strategies for Trauma Awareness and Resilience (STAR) program, developed at Eastern Mennonite University's Center for Justice and Peacebuilding in response to 9/11.
