Local and Global Understandings of Creativities Ardian Ahmedaja, 2013-08-19 In music making in company the protagonists have to follow the rules of interaction and create the

The Past Is Always Present Tore Tvarnø Lind,2012 In *The Past Is Always Present* Tore Tvarnø Lind examines the musical revival of Greek Orthodox chant at the monastery of Vatopaidi within the monastic society of Mount Athos Greece In particular Lind focuses on the musical activities at the monastery and the meaning of the past in the monks efforts at improving their musical performance practice through an emphasis on tradition Based on a decade of intense fieldwork and extensive interviews with members of Athos monastic community Lind covers a vast array of topics From musical notation and the Greek oral tradition to CD covers and music

production the tension between tradition and modernity in the musical activity of the Athonite community raises a clear challenge to the quest to bring together Orthodox spirituality and quietude with musical production The Past Is Always Present addresses all of these matters by focusing on the significance and meaning of the local chanting style As Lind argues Byzantine chant cannot be fully grasped in musicological terms alone outside the context of prayer Yet because chant is fundamentally a way of communicating with God the sound generated must be exactly right pushing issues of music notation theory and performance practice to the forefront Byzantine chant Lind ultimately argues is a modern phenomenon as the monastic communities of Mount Athos negotiate with the realities of modern Orthodox identity in Greece By reporting on the musical revival activities of this remarkable community through the topics of notation musical theory drone singing and spiritual silence Lind looks at the ways in which Athonite heritage is shaped touching upon the Byzantine chant s contemporary relationship with practice of pilgrimage and the phenomenon of religious tourism Offering unique insights into the monastic culture at Mount Athos The Past Is Always Present is for those especially interested in sacred music past and present Greek culture monastic life religious tourism and the fields of ethnomusicology and anthropology **A Descriptive Catalogue of the Musical Manuscript Collection of the National Library of Greece** DianeH.

Touliatos-Miles,2017-07-05 The National Library of Greece Ethnike Bibliothike tes Ellados is one of the richest depositories of Byzantine musical manuscripts and is surpassed by its holdings in Greece only by the multitude of manuscripts found in the monasteries of Mount Athos In spite of being such a rich archive the National Library has never published a catalogue of its musical manuscripts not all of which are Byzantine or Greek It is the purpose of this catalogue to recover or in some instances to present for the first time the repertory of the musical sources of the library This project has been twelve years in the making for Professor Diane Touliatos involving the discovery and detailed cataloguing of all 241 Western Ancient Greek and Byzantine music manuscripts Not all of these are from Athens or modern Greece but also encompass Turkey the Balkans Italy Cyprus and parts of Western Europe This variety underlines the importance of the catalogue for identifying composers music and performance practice of different locales The catalogue includes a detailed listing of the contents as written in the original language as well as the titles of compositions and or incipits with composers modal signatures other attributions and information on performance practice Each manuscript entry includes a commentary in English indicating important highlights and its significance There is a substantive English checklist that summarizes the contents of each manuscript for non Greek readers A bibliography follows containing pertinent citations where the manuscript has been used in references There is also a glossary that defines terms for the non specialist Examples of some of the manuscripts will be photographically displayed The catalogue will enlighten musicologists and Byzantinists of the rich and varied holdings of some of the most important musical manuscripts in existence and stimulate more interest and investigation of these sources As such it will fill a major ga
