Paper 2 Part 2 - Proposal

PROPOSALS and reports have a similar layout *(see reports in this same section)*. Reports are based on current circumstances or situations whereas **proposals are action plans for the future**. **You give more space to the current situation in a report and more space to recommendations for future actions in a proposal**.

Hints

First things first...

1. Begin by brainstorming ideas, in any order, and don't worry about language at this stage.

2. Group your ideas under headings for each section of your proposal.

3. Write a first draft, paying attention to the level of formality of the language.

Don't forget!

- Begin by stating the **purpose of your proposal**.

- Use an **impersonal, semi-formal style**.

- Use clear layout with headings.

- Express opinions and make recommendations in the last section of your proposal.

- Include a final sentence summarising your opinion.

- Use bullet points but not too many.
