Optimizing for Optimism Gary D. Moyer, 2022-04-04 Simply Captivating Tom Ziglar, CEO of Zig Ziglar. Let's face it, we live in a predominantly negative world, and it seems to be getting worse. You see it in the economy, our politics, and our relationships. It's evident in the social unrest and the social media. And it's easy to get caught in the current of negativity and swept away in pessimism. When that happens, it can make our lives and those around us less than joyful, even downright miserable. Been there? What's worse if you happen to be a Bible believer who struggles with negativity, you can feel ashamed, especially if you've been told that people of faith should be happy all the time. Maybe some of the optimists you've met have been so extreme

in their positivity they're scary. Or perhaps you're just simply not a natural optimist and want to learn how to have a happier, more fulfilling life. If any of this sounds familiar, get ready for some good news. There is hope. There are things you can do to become more optimistic. You can actually choose optimism. Gary D. Moyer is living proof. Gary grew up with a negative mindset, a natural talent for finding the downside to life. Today he is known as an optimist and encourager, sharing with people everywhere how to embrace a more positive life. This book is not just a compilation of some nice ideas about optimism, but it results-oriented, giving practical steps you can take right away to begin a new optimistic, more fulfilling life, including the missing link other self-help books miss to help convert your learning into action.
