Certified Protection Professional Examination National Learning Corporation, 2019 The Admission Test Series prepares students for entrance examinations into college graduate and professional school as well as candidates for professional certification and licensure **The Complete Guide for CPP Examination Preparation** James P. Muuss, CPP, Anthony V. DiSalvatore (CPP, PSP & PCI), David Rabern, CPP, 2006-06-06 For those preparing for the Certified Protection Professional program and designation The Complete Guide for CPP Examination Preparation provides a thorough foundation of essential security concepts and practices in a single volume This guide does more than impart the information required for you to pass the CPP exam it also delivers insight into what taking the exam is like and provides an appreciation for the work and knowledge needed to gain CPP certification The book addresses ten critical areas security management investigations protection of sensitive information substance abuse physical security personnel security emergency planning management of a guard force legal aspects of security and the role of a security professional as a liaison with both management and law enforcement The authors include sample test questions for you to take after completing each of the areas of study Although these are not questions that appear on the actual exam they do convey the principles and concepts that the exam emphasizes and are valuable in determining if you have mastered the required information CPP Protection Professional Exam Essential Topics Study Guide 2014 ExamREVIEW, 2013-10-20 In the practical real world a CPP may be a security manager an external consultant or a law enforcement agent For purpose of the exam however you want to position yourself as a hired consultant one who acts as an advisor to the company management The company is your client and you are helping it out You advise you guide and you recommend You need to understand your client If your client is absolutely new to security full scale interviews and statistical analysis on crimes may be necessary However if your client has a working security mechanism in place then you should conduct assessment basing primarily on inputs from management In other words management determines the depth and scope of the security project Management makes the decisions You suggest ways to improve then carry out the decisions made by management You don't normally make decisions for your client It is safe to say that you

assume the role of project manager for your client's security project. The security project would start by discussing the scope of work with your client. The most important meeting between you and the client would be the initial goal setting and policy review meeting. Senior management is going to get involved and you are going to act as the facilitator. From this meeting you become aware of the level of risk your client is willing to assume and accept. Your work would then start from there. When working on a project it is important to understand the background and operation of the client. You also want to know what you are up against. Protection against vandalism is totally different from protection against terrorist attack. A CPP is more on the planning and management side of security. A security guard professional on the other hand is to provide client with professional protective services. It is believed that the CPP certification is more general in nature while the PSP certification is way more specific and in depth in physical security. To summarize the major knowledge areas include Security Principles and Theories, Business Principles, Personnel Security, Physical Security, Information Security, Crisis Management, Investigations, Legal Matters. We give you knowledge information relevant to the exam specification. To be able to succeed in the real exam you'll need to apply your earned knowledge to the question scenarios. Many of the exam questions are written to be less straight forward. They tend to be framed within the context of short scenarios. An advice: Do NOT rely on a single source for exam preparation. To secure exam success always use multiple sources and read as much as possible.

Certified Protection Professional CPP Exam Unofficial Self-Practice Review Questions Mike Yu, Examreview, 2024-05-02. Book updated May 2024. In the practical real world a CPP may be a security manager, an external consultant, or a law enforcement agent. For purpose of the exam however you want to position yourself as a hired consultant, one who acts as an advisor to the company management. The company is your client and you are helping it out. You advise, you guide, and you recommend. You need to understand your client. If your client is absolutely new to security, full scale interviews and statistical analysis on crimes may be necessary. However if your client has a working security mechanism in place then you should conduct assessment basing primarily on inputs from management. In other words management determines the depth and scope of the security project. Management makes the decisions. You suggest ways to improve then carry out the decisions made by management.
