Choice Outstanding Academic Title 2014 This book examines the connections between the growth of terror fiction the genre now known as Gothic in the late eighteenth century and the simultaneous appearance of the conceptual origins of terrorism as a category of political action In the 1790s Crawford argues four inter connected bodies of writing arose in Britain the historical mythology of the French Revolution the political rhetoric of terrorism the genre of political conspiracy theory and the literary genre of Gothic fiction known at the time as the gothic novel writing All four bodies of writing drew heavily upon one another in order to articulate their shared sense of the radical and monstrous otherness of the extremes of human evil a sense which was quite new to the eighteenth century but has remained central to the ways in which we have thought and written about evil and violence ever since      **A Geography of Victorian Gothic Fiction** Robert Mighall,2003 A Geography of Victorian Gothic Fiction challenges the prevailing view that psychology explains the Gothic Mighall offers original readings of familiar texts from Dickens to Stoker Wilkie Collins to Conan Doyle but also a rich store of original sources from European travelogues to sexological textbooks from ecclesiastic histories to pamphlets on the perils of self abuse      Guide to the Gothic Frederick S. Seminar paper from the year 2013 in the subject English Language and Literature Studies Literature grade 2.0 University of Bayreuth Sprach und Literaturwissenschaftliche Fakultät language English abstract When enthusiastic readers and fans around the globe think of Sherlock Holmes they do not necessarily associate the stories of the detective with Gothic fiction Holmes is rather linked to be the supreme example of the classic detective story Ever since the first Sherlock Holmes story *A Study in Scarlet* has been published numerous adaptations such as theatre plays films and a recent BBC series followed Adding scholarly texts to the adaptations one can certainly argue that most of the publications deal with Holmes in his role as a detective Thus Nils Claesson claims that the myth of the scientific detective was born 61 Certainly it is more likely to associate Sherlock Holmes with crime fiction than with vampires or zombies However Gothic fiction is far too complex to reduce the term only to this associations Thus the purpose of this seminar paper is to lay the focus on Gothic elements and detective fiction in one particular Sherlock Holmes story *The Hound of the Baskervilles* Hence the structure of the paper will be as follows In the first chapter the paper will be concerned with the term Gothic This implies an attempt to both define as well as limit the notion to Gothic fiction Moreover the paper deals with common motifs or features of the classic Gothic fiction which developed in the 18th century In the next sub chapter the paper sets the focus on the so called Gothic revival which occurred in the late Victorian era of the 19th century As it is of peculiar interest for *The Hound of the Baskervilles* some characteristics of the late Victorian Gothic will be implied The third and the fourth chapter will illustrate the main aspects of the paper Subdivided into characters setting and plot the third chapter will discuss some Gothic elements in *The Hound of the Baskervilles* Could *The Hound of the Baskervilles* either be considered as Gothic fiction or a detective story Based on this question the paper will incorporate several scientific statements to find an answer Finally the paper will give a
