Modern Arab American Fiction Steven Salaita, 2011-04-13 Within the spectrum of American literary traditions Arab American literature is relatively new Writing produced by Americans of Arab origin is mainly a product of the twentieth century and only started to flourish in the past thirty years While this young but thriving literature varies widely in content and style it emerges from a common community and within a specific historical political and cultural context In *Modern Arab American Fiction* Salaita maps out the landscape of this genre as he details rather than defines the last century of Arab American fiction Exploring the works of such best selling authors as Rabih Alameddine Mohja Kahf Laila Halaby Diana Abu Jaber Alicia Erian and Randa Jarrar Salaita highlights the development of each author s writing and how each has influenced Arab American fiction He examines common themes including the Israel Palestine conflict the Lebanese Civil War of 1975 90 the representation and practice of Islam in the United States social issues such as gender and national identity in Arab cultures and the various identities that come with being Arab American Combining the accessibility of a primer with in depth critical analysis *Modern Arab American Fiction* is suitable for a broad audience those unfamiliar with the subject area as well as scholars of the literature

Alan Ball Thomas Fahy, 2013-08-23 Alan Ball *Conversations* features interviews that span Alan Ball s entire career and include detailed observations and insights into his Academy Award winning film *American Beauty* and Emmy Award winning television shows *Six Feet Under* and *True Blood* Ball began his career as a playwright in New York and his work soon caught the attention of Hollywood television producers After writing for the sitcoms *Grace Under Fire* and *Cybill* Ball turned his attention to the screenplay that would become *American Beauty* The critical success of this film opened up exciting possibilities for him in the realm of television He created the critically acclaimed show *Six Feet Under* and after the series finale he decided to explore the issue of American bigotry toward the Middle East in his 2007 play *All That I Will Ever Be* and the film *Towelhead* which he adapted and directed in the same year Ball returned to television once again with the series *True Blood* an adaptation of the humorous entertaining and erotic world of Charlaine Harris s vampire novels In 2012 Ball announced that he would step down as executive producer of *True Blood* in part to produce both a new television series and his screenplay *What s the Matter with Margie*

New Body Politics Therí A. Pickens, 2014-02-05 In the increasingly multi racial and multi ethnic American landscape of the present understanding and bridging dynamic cross cultural conversations about social and political concerns becomes a complicated humanistic project How do everyday embodied experiences transform from being anecdotal to having social and political significance What can the experience of corporeality offer social and political discourse And how does that discourse change when those bodies belong to Arab Americans and African Americans Ther A Pickens discusses a range of literary cultural and archival material where narratives emphasize embodied experience to examine how these experiences constitute Arab Americans and African Americans as social and political subjects Pickens argues that Arab American and African American narratives rely on the

body's fragility rather than its exceptional strength or emotion to create urgent social and political critiques. The creators of these narratives find potential in mundane experiences such as breathing, touch, illness, pain, and death. Each chapter in this book focuses on one of these everyday embodied experiences and examines how authors mobilize that fragility to create social and political commentary. Pickens discusses how the authors focus on quotidian experiences, complicates their critiques of the nation, state, domestic and international politics, exile, cultural mores, and the medical establishment. *New Body Politics* participates in a vibrant interdisciplinary conversation about cross-ethnic studies, American literature, and Arab American literature. Using intercultural analysis, Pickens explores issues of the body and representation that will be relevant to fields as varied as Political Science, African American Studies, Arab American Studies, and Disability Studies.

Towelhead Alicia Erian, 2008-07-15. Sent to live with her strict Lebanese father in Texas upon the outbreak of the Gulf War, Arab American teen Jasira endures racial taunts from her new classmates and enters into a dangerously exploitative relationship with a bigoted Army reservist. Reissue 75,000 first printing. A Warner Independent film directed by Alan Ball, releasing August 2008, starring Aaron Eckhart, Toni Collette, Maria Bello. General Fiction.

The Advocate, 2008-07. **Open Season** Ben Crump, 2019-10-15. A deft and unflinching exposé on America's treatment of people of color from the attorney who took on the George Floyd and Breonna Taylor cases. Kenya Barris, creator of *Black-ish*. As seen on CBS *This Morning*, award-winning attorney Ben Crump exposes a heinous truth in *Open Season*: Whether with a bullet or a lengthy prison sentence, America is killing black people and justifying it legally. While some deaths make headlines, most are personal tragedies suffered within families and communities. Worse, these killings are done one person at a time so as not to raise alarm. While it is much more difficult to justify killing many people at once in dramatic fashion, the result is the same genocide. Taking on such high-profile cases as George Floyd, Ahmaud Arbery, Breonna Taylor, Trayvon Martin, Michael Brown, and a host of others, Crump witnessed the disparities within the American legal system firsthand and learned it is dangerous to be a black man in America and that the justice system indeed only protects wealthy white men. In this enlightening and enthralling work, he shows that there is a persistent prevailing and destructive mindset regarding colored people that is rooted in our history as a slaveowning nation. This biased attitude has given rise to mass incarceration, voter disenfranchisement, unequal educational opportunities, disparate health care practices, job and housing discrimination, police brutality, and an unequal justice system. And all mask the silent and ongoing systematic killing of people of color. *Open Season* is more than Crump's incredible mission to preserve justice; it is a call to action for Americans to begin living up to the promise to protect the rights of its citizens equally and without question.

The Oxford Dictionary of New Words Elizabeth M. Knowles, Julia Elliott, 1997. A resource that is both useful and engaging. *The Oxford Dictionary of New Words* is the first place to turn for information when faced with new words and phrases. From *auto bra*, *shock jock*, and *Beltway Bandit* to *trainspotting*, *wormhole*, and *zaitch*, this cornucopia of new words and phrases presents a gold mine of language for word
