

THE #1 NEW YORK TIMES BESTSELLER

STEPHEN KING

DUMA KEY

A NOVEL

Duma Key

Michal Rosen-Zvi

Duma Key:

Duma Key Stephen King, 2008-01-22 Master storyteller Stephen King's classic terrifying 1 New York Times bestseller of what happens when the barrier between our world and that of the supernatural is breached After a terrible construction site accident severs Edgar Freemantle's right arm scrambles his mind and implodes his marriage the wealthy Minnesota builder faces the ordeal of rehabilitation all alone and full of rage Renting a house on Duma Key a stunningly beautiful and eerily undeveloped splinter off the Florida coast Edgar slowly emerges from his prison of pain to bond with Elizabeth Eastlake a sick elderly woman whose roots are tangled deep in this place And as he heals he paints feverishly compulsively his exploding talent both a wonder and a weapon For Edgar's creations are not just paintings but portals for the ghosts of Elizabeth's past and their power cannot be controlled

Duma Key Stephen King, 2008-01-22 No more than a dark pencil line on a blank page A horizon line maybe But also a slot for blackness to pour through A terrible construction site accident takes Edgar Freemantle's right arm and scrambles his memory and his mind leaving him with little but rage as he begins the ordeal of rehabilitation A marriage that produced two lovely daughters suddenly ends and Edgar begins to wish he hadn't survived the injuries that could have killed him He wants out His psychologist Dr Kamen suggests a geographic cure a new life distant from the Twin Cities and the building business Edgar grew from scratch And Kamen suggests something else Edgar does anything make you happy I used to sketch Take it up again You need hedges hedges against the night Edgar leaves Minnesota for a rented house on Duma Key a stunningly beautiful eerily undeveloped splinter of the Florida coast The sun setting into the Gulf of Mexico and the tidal rattling of shells on the beach call out to him and Edgar draws A visit from Ilse the daughter he dotes on starts his movement out of solitude He meets a kindred spirit in Wireman a man reluctant to reveal his own wounds and then Elizabeth Eastlake a sick old woman whose roots are tangled deep in Duma Key Now Edgar paints sometimes feverishly his exploding talent both a wonder and a weapon Many of his paintings have a power that cannot be controlled When Elizabeth's past unfolds and the ghosts of her childhood begin to appear the damage of which they are capable is truly devastating The tenacity of love the perils of creativity the mysteries of memory and the nature of the supernatural Stephen King gives us a novel as fascinating as it is gripping and terrifying

Duma Key Stephen King, 2008 After suffering a crippling accident and ending his marriage Edgar Freemantle rents a house on the Florida coast where he creates works of art that lead him to discover unsettling elements from his landlady's enigmatic family history

America's Dark Theologian Douglas E. Cowan, 2018-06-12 Illuminating the religious and existential themes in Stephen King's horror stories Who are we Why are we here Where do we go when we die For answers to these questions people often look to religion But religion is not the only place seekers turn Myths legends and other stories have given us alternative ways to address the fundamental quandaries of existence Horror stories in particular with their focus on questions of violence and mortality speak urgently to the primal fears embedded in such existential mysteries With more than fifty novels to his name

and hundreds of millions of copies sold few writers have spent more time contemplating those fears than Stephen King Yet despite being one of the most widely read authors of all time King is woefully understudied America's Dark Theologian is the first in depth investigation into how King treats religion in his horror fiction Considering works such as Carrie The Dead Zone Misery The Shining and many more Douglas Cowan explores the religious imagery themes characters and most importantly questions that haunt Stephen King's horror stories Religion and its trappings are found throughout King's fiction but what Cowan reveals is a writer skeptical of the certainty of religious belief Describing himself as a fallen away Methodist King is less concerned with providing answers to our questions than constantly challenging both those who claim to have answers and the answers they proclaim Whether he is pondering the existence of other worlds exploring the origins of religious belief and how it is passed on probing the nature of the religious experience or contemplating the existence of God King invites us to question everything we think we know

Stephen King and the Uncanny Imaginary Erin Mercer, 2023-08-25 Offering an insightful examination of Stephen King's fiction this book utilises a psychoanalytical approach drawing on Freud's theory of the uncanny It demonstrates how entrenched King's work is in a literary tradition influenced by psychoanalytic theory as well as the ways that King evades and amends Freud Such an approach positions King's texts not simply as objects of interpretation that might yield latent meaning but as producers of meaning King can certainly be read through the lens of the uncanny but this book also aims to consider the uncanny through the lens of King Organised around specific elements of the uncanny that can be found in King's fiction this book explores the themes of death and the return of the dead monstrosity telepathy inanimate objects becoming menacingly animate and spooky children Popular texts are considered such as IT The Shining and Pet Sematary as well as less discussed work including The Institute The Regulators and Desperation The book's central argument is that King's uncanny motifs offer insightful commentary on what is repressed in contemporary culture and insist on the failure of scientific rationalism to explain the world King's uncanny imaginary rejects dualistic notions of an experiencing self in an inert physical world and insists that psychic experience is bound up with the environmental This book will be of interest to students and scholars of contemporary and popular literature gothic and horror studies and cultural studies

Stephen King's Contemporary Classics Philip L. Simpson, Patrick McAleer, 2014-11-13 Many readers know Stephen King for his early works of horror from his fiction debut Carrie to his blockbuster novels The Shining The Stand and Misery among others While he continues to be a best selling author King's more recent fiction has not received the kind of critical attention that his books from the 1970s and 1980s enjoyed Recent novels like Duma Key and 1 22 63 have been marginalized and arguably cast aside as anomalies within the author's extensive canon In Stephen King's Contemporary Classics Reflections on the Modern Master of Horror Philip L Simpson and Patrick McAleer present a collection of essays that analyze assess and critique King's post 1995 compositions Purposefully side stepping studies of earlier work these essays are arranged into three main parts the first section examines five King novels published between 2009 and 2013

offering genuinely fresh scholarship on King the second part looks at the development of King s distinct brand of horror the third section departs from probing the content of King s writing and instead focuses on King s process By concentrating on King s most recent writings this collection offers provocative insights into the author s work featuring essays on Dr Sleep Duma Key The Girl Who Loved Tom Gordon Joyland Under the Dome and others As such Stephen King s Contemporary Classics will appeal to general fans of the author s work as well as scholars of Stephen King and modern literature
