theory of reactions and techniques applications and spectroscopy *Organic Spectroscopic Structure Determination*
Douglass F. Taber, 2007 *Organic Spectroscopic Structure Determination* is a sophomore level book with emphasis on
structure problem solving It consists of four sections that attempt to engage the imagination of the student Taber has
arranged the material in such a way that the students can work the problems and learn the procedures on their own
minimizing the time taken in lecture The first section contains three chapters of instruction on the methods of organic
spectroscopy The second contains fifty problems with just data sets of spectroscopic data The third section is comprised of
fifty problems that show starting materials and reaction conditions with spectroscopic data for the product The final section
includes tables of spectroscopic data Books in Print Supplement ,1994 **Electronic Ceramic Materials and Devices**
