Grudem,2000 **Everyone's a Theologian** R. C. Sproul,2014 Dr R C Sproul argues everyone is a theologian Any time we think about a teaching of the Bible and strive to understand it we are engaging in theology Therefore it is important that we put the Bible s varied teachings together in a systematic fashion using proper time tested methods of interpretation so as to arrive at a theology that is founded on truth Dr Sproul demonstrating his trademark ability to make complex subjects easy to understand surveys the basic truths of the Christian faith reminding us once more of what God is like and of what He has done for His people in this world and the next from publisher description **Historical Theology** Gregg Allison,2011-04-19 Historical Theology presents the key pillars of the contemporary church and the development of those doctrines as they evolved from the history of Christian thought Most historical theology texts follow Christian beliefs in a strict chronological manner with the classic theological loci scattered throughout various time periods movements and controversies making for good history but confusing theology This companion to the classic bestseller Systematic Theology is unique among historical theologies Gregg Allison sets out the history of Christian doctrine according to a topical chronological arrangement one theological element at a time instead of committing to a discussion of theological thought according to its historical appearance alone This method allows you to Contemplate one tenet of Christianity at a time along with its formulation in the early church through the Middle Ages Reformation and post Reformation era and into the modern period Become familiar with the primary source material of Christian history s most important contributors such as Cyprian Augustine Aquinas Luther Calvin Barth and others Understand the development of evangelical doctrine with a focus on the centrality of the gospel Discern a sense of urgent need for greater doctrinal understanding in the whole church Historical Theology is an easy to read textbook for any Christian who wants to know how the church has come to believe what it believes today Gregg Allison s clear and concise structure make this resource an ideal introduction to Christian doctrine **Systematic Theology** Wayne A. Grudem,1994 *The Trinity* Scott Swain,2020-10-06 Practical Theology for the Church Today The Trinity is one of the most essential doctrines of the Christian faith as it reveals a magnificent truth about God that

he is one God eternally existing as three distinct persons While Christians often struggle to find the right words to describe the union of Father Son and Spirit the Bible gives clarity concerning the triune God s activity in nature creation grace redemption and glory reward In the second installment of the Short Studies in Systematic Theology series theologian Scott Swain examines the Trinity presenting its biblical foundations systematic theological structure and practical relevance for the church today *Systematic Theology* Wayne Grudem,1994 **Introduction to Systematic Theology** Thomas P. Slavens,1992 This book assists readers in thinking systematically about meanings of faith and its significance for behavior as well as in striving for consistency and order in understanding the teachings of Jesus and their relevance for modern life The first part deals with meanings of such topics as faith love God the Holy Spirit human nature communion the Church and human destiny The second part discusses the teachings of Jesus concerning God Himself the kingdom ethics and eschatology

Frame,2013 A biblical clear cogent accessible comprehensive and practical summary of Christian belief by one of the most important and original American theologians of the last hundred years **Introduction to Systematic Theology** Louis Berkhof,2021-11-04 The book discusses the major areas of Christian belief from a classic Reformed perspective He covers areas like Theology proper Anthropology Christology Soteriology Ecclesiology and Eschatology such strange but essential terms And for each topic discussed there is a historical overview Thus one gets a good dose of historical theology along with systematic theology I found his definitions quite helpful in crystallizing a doctrine and making it sink in Consider for instance his definition of God s holiness That perfection of God in virtue of which He eternally wills and maintains His own moral excellence abhors sin and demands purity in his moral creatures Concise Clear Powerful An absolute essential work for any serious student of the Scriptures and as service guide to their Christian Faith
