Peri Formwork Scaffolding Engineering:

Taxation, Human Rights, and Sustainable Development Eghosa O. Ekhaton, Newman U. Richards, Chisa Onyejekwe, 2025-06-26 This book investigates the relationship between human rights and taxation exploring how human rights have been impeded or enhanced through tax laws and policies and what this means for sustainable development in the Global South Drawing on cases from across the Global South the book demonstrates the benefits of embedding human rights into tax policies and legislation The authors not only highlight the role of legislative measures and other human rights regulations in the realisation of international treaty rights but also argue that it creates an environment whereby individuals feel duty bound to pay taxes when necessary thereby securing a sustainable revenue source for the state to meet their socio economic responsibilities The book investigates key topics such as compliance redistribution e commerce tax havens and the role of key stakeholders This book will be useful for researchers from across the fields of law human rights taxation and sustainable development *MEED.*, 2008 **PERI Danmark A** Peri Danmark A/S, 2007 Produktkatalog indeholder referencer vedrørende konstruktioner med forskalling stillads og understøtning Expert Knowledge-based Inspection Systems Jorge de Brito, Clara Pereira, José D. Silvestre, Inês Flores-Colen, 2020-05-19 This book provides a novel approach to building pathology in current buildings Drawing on the available literature hands on experience and fieldwork inspections it presents a systematic perspective on the pathology of the building envelope The book addresses natural stone claddings adhesive ceramic tiling renders painted surfaces External Thermal Insulation Composite Systems ETICS architectural concrete surfaces windows and doors framing and claddings for pitched and flat roofs In addition to highlighting selected materials and construction elements the book proposes a global classification system for defects and their probable causes together with in situ diagnosis methods and repair techniques It also identifies the relationships between defects and causes diagnosis methods and repair techniques and the interdependence between different defects presenting these relations in the form of correlation matrices Support files with detailed information and an inspection form are also provided Selected case studies are presented to illustrate the value of a guidance system in fieldwork Given its scope the book offers a valuable guide particularly for researchers building inspectors civil engineers architects and maintenance planners **Handbook 2008** PERI., 2007 *Bridge Design & Engineering*, 2007 California Builder & Engineer, 1996 **The 'Made in Germany' Champion Brands** Ugesh A. Joseph, 2016-03-09 Germany's economic miracle is a widely known phenomenon and the world leading innovative products and services associated with German companies are something that others seek to imitate In *The Made in Germany Champion Brands* Ugesh A Joseph provides an extensively researched insightful look at over 200 of Germany's best brands to see what they stand for what has made them what they are today and what might be transferable The way Germany is branded as a nation carries across into the branding of its companies and services particularly the global superstar brands truly world class in size performance and reputation Just as important are the

medium sized and small enterprises known as the Mittelstand These innovative and successful enterprises from a wide range of industries and product service categories are amongst the World market leaders in their own niche and play a huge part in making Germany what it is today The book also focuses on German industrial entrepreneurship and a selection of innovative and emergent stars All these companies are supported and encouraged by a sophisticated infrastructure of facilitators influencers and enhancers the research industry trade and standards organizations the fairs and exhibitions and all the social and cultural factors that influence enhance and add positive value to the country s image Professionals or academics interested in business entrepreneurship branding and marketing product or service development international trade and business development policy will find fascinating insights in this book while those with an interest in Germany from emerging industrial economies will learn something of the secrets of German success
