cultural contexts Unlike other collections this anthology emphasizes the dynamic relationship between religion as an object of study and different methodological approaches and openly addresses the question of the manifold ways in which religion secular and culture are imagined within different disciplinary horizons This volume is the first textbook which seeks to engage discussion of classical approaches with contemporary cultural and critical theories Contributors write on the influence of the natural sciences in the study of religion the role of European Christianity in modeling theories of religion religious experience and the interface with cognitive science the structure and function of religious language the social scientific study of religion ritual in religion the phenomenology of religion critical theory and religion embodiment and religion the impact of colonialism and modernity theorizing religion in terms of race and ethnicity links among religion nationalism and globalization the interplay of gender sex and religion and religion and the environment Each chapter introduces the topic identifies key theorists and issues and respects the pluralistic nature of the scholarship in the field Altogether this collection scrutinizes the explicit and implicit assumptions theorists make about religion as an object of analysis

Global Politics James Lee Ray,1990 *Global Politics* has long been praised for providing students with the historical and theoretical background to understand the complexities of international relations Indeed one of the key strengths of the text continues to be its clear comprehensive coverage of the historical and theoretical bases of world affairs It introduces the major theories and paradigms important in the study of international relations integrates theory into the discussion of many topics and presents a straightforward history of the international system from its inception to the present But more than a discussion of what has occurred in the past and why this Ninth Edition is also a thorough study of the contemporary issues and events influencing modern international relations These topics include globalization one of the most important processes affecting relations between states and nonstate actors today as well as coverage of the developing world ethnic conflict regional integration international norms the politics of environmental problems and challenges to state power and sovereignty In short *Global Politics* develops three key themes the historical the contemporary and policy oriented and the theoretical and emphasizes the extent to which they complement one another Pref

Global Capital, Political Institutions, and Policy Change in Developed Welfare States Duane Swank,2002-02-11 This book argues that the dramatic post 1970 rise in international capital mobility has not systematically contributed to the retrenchment of developed welfare states as many claim Nor has globalization directly reduced the revenue raising capacities of governments and undercut the political institutions that support the welfare state Rather institutional features of the polity and the welfare state determine the extent to which the economic and political pressures associated with globalization produce Welfare state retrenchment

Gender, Race, and Power Joyce P. Kaufman,Kristen P. Williams,2024-10-02 This book interrogates traditional international relations theories and issues such as war peace security and trade to demonstrate that a more comprehensive and holistic understanding can be found utilizing an intersectional analysis through the lens of gender race and class The

Evolution of Regionalism in Asia Heribert Dieter, 2007-12-10 By combining the analysis of the three dimensions of integration this book enables readers to gain a broad understanding of the theory and practice of integration processes in Asia

American Political Economy in Global Perspective Harold L. Wilensky, 2012-02-29 This book is a guide to claims about the proper role of government and markets in a global economy Moving between systematic comparison of 19 rich democracies and debate about what the United States can do to restore a more civilized egalitarian and fair society Harold L Wilensky tells us how six of these countries got on a low road to economic progress and which components of their labor crunch strategy are uniquely American He provides an overview of the impact of major dimensions of globalization only one of which the interaction of the internationalization of finance and the rapid increase in the autonomy of central banks undermines either national sovereignty or job security labor standards and the welfare state Although Wilensky views American policy and politics through the lens of globalization he concludes that the nation state remains the center of personal identity social solidarity and political action He concentrates on what national differences mean for the well being of nations and their people Drawing on lessons from abroad and from America s own past successes Wilensky shows how we can reverse our three decade decline He argues that in order to get off the low road we must overcome the myths of moderation the rise of the independent voter and a rightward shift of the electorate He specifies a feasible domestic agenda that matches majority sentiments in all rich democracies

The United Nations And Changing World Politics, Third Edition Thomas G. Weiss, David P. Forsythe, Roger A. Coate, 2001 Providing a comprehensive and contemporary examination of the United Nations the authors provide a thematic approach exploring its role in three core issues in international relations International Peace and Security Human Rights and Humanitarian Affairs and Building Peace Through Sustainable Development Historically informed and analytically rich The United Nations and Changing World Politics introduces the reader to the opportunities and limits of the central international organization The authors bring to bear both extensive practical experience and scholarly depth in assessing the strengths and weaknesses of the UN s performance as well as providing practical suggestions for improvements Thoroughly updated to take into account recent experiences including the Balkan crises this book is an important resource for readers interested in international relations peace and war third world development and human rights

Concepts of International Politics in Global Perspective Charles O. Lerche (jr.), Abdul Aziz Said, 1979

Power, Wealth, and Global Order Philip Nel, 1999 Power Wealth and Global Order covers all important aspects of international relations the actors the dynamics of their interaction across national boundaries and the structures generated by these interactions

Power, Wealth and Global Equity Pat McGowan, Philip Nel, Institute for Global Dialogue, 2002 This is a revised edition of this book on power wealth global order and international relations aimed at students in and out of Africa Like its predecessor this edition is aimed at students taking introductory courses in international relations and in Africa studies However many of the chapters will also appeal to readers interested in contemporary African

affairs and can be used by students in the Fields of foreign policy comparative politics history and political economy Challenging the intellectual hegemony of the north the authors show what the world and its patterns of powers wealth and privilege marginalisation look like from an African perspective of trans border political and economic interaction in today s world It also empowers students to become active players on the global stage and to contribute to changing these structures and institutions for the better This text provides the student with up to date advice on how to use the internet and careers in international relations as well as a glossary list of acronyms bibliography index maps and biographies of important people mentioned in the text

Continuity and Change in World Politics Barry B. Hughes,1997 This text provides a comprehensive theoretically coherent and integrated introduction to the world politics of security international economics and global public policy issues It also provides a framework for analyzing and understanding ongoing global change and continuity in the modern era

Global Communication Yahya R. Kamalipour,2007 Intended for upper level undergraduate or lower level graduate students with prior experience in studying mass communications this textbook put together by Kamalipour Purdue U Calumet presents emerging and conventional topics in international communication including international public relations and advertising trends in media consolidation

The Ethnic Dimension in International Relations Bernard Schechterman,Martin Slann,1993-06-30 This book focuses on ethnic nationalism and its universality as a phenomenon in world politics By employing case studies the essays demonstrate the past current and future persistence of this fragmenting tendency and its implications for various regional and world wide political dynamics By its very comprehensiveness and geographic case diversity the study provides evidence that there are two simultaneous and sometimes contradictory dynamics taking place in the international political arena integration and fragmentation This collection of essays analyzes fragmentation There are significant implications for description analysis evaluation and prescriptive policy in international relations This book challenges the bias in post war America and the West overall that the preeminent if not exclusive political behavior tendency in regional and world politics is integration of actors and their behavior While not seeking to refute or deny integration it suggests balancing the analysis of international politics by upgrading the fragmentation tendencies based upon a very basic phenomenon ethnic nationalism
