Mechanisms of Global Climate Change at Millennial Time Scales Lloyd D. Keigwin, 1999-01-26 Contributors describe the current understanding of abrupt climate variations that have occurred at millennial to submillennial time scales events now recognized as characteristics of the global climate during the last glaciation Subjects covered include analysis of modern climate and ocean dynamics paleoclimate reconstructions derived from the marine terrestrial and ice core records and paleoclimate modeling studies The breadth of global paleoclimate knowledge presented here provides information required to answer many questions and provides a road map to address remaining problems Most material is from a June 1998 conference Lacks a subject index Annotation copyrighted by Book News Inc Portland OR Time, History, and Philosophy in the Works of Wilson Harris Gianluca Delfino, 2016-05-31 Gianluca Delfino s study of one of the Caribbean s most controversial authors paves the way for looking at Wilson Harris s body of work in a new light Harris s imaginative approach to reality is discussed in relation to the categories of history and time with reference to several novels with a special focus on *The Infinite Rehearsal* *Jonestown* and *The Dark Jester* spanning more than forty years of his vast literary production Delfino s analysis encompassing critical perspectives ranging from African philosophy to Jungian readings through historiography and anthropology demonstrates that Harris s works as a whole show a remarkable unity of thought rooted in their author s complex imagination As a result the cross cultural quality of Harris s thought emerges as a healing outcome of the traumatic colonial encounter bringing together elements of Amerindian African and European origin in an ongoing dialogue with time nature and the psyche The Handbook of Fashion Studies Sandy Black, Amy de la Haye, Joanne Entwistle, Regina A. Root, Agnès Rocamora, Helen Thomas, 2014-01-02 The handbook is an invaluable resource for students and scholars providing a comprehensive and innovative overview of the field of fashion studies The outstanding scholarly articles point the way forward for research Thematically structured and accessibly written the work illustrates the potential of interdisciplinary fashion research **Prophets in Exile: Ezekiel, Daniel, and Obadiah** Harold Lerch, 2024-01-26 This book is about the exile prophets Ezekiel Daniel and Obadiah That is those prophets who lived under Babylonian captivity Ezekiel was a priest and was among the Jewish exiles carried away to Babylon during the deportation of Judah after King Nebuchadnezzar s conquest He was a man of formidable integrity and purpose entirely devoted to the practices of Judaism Like Daniel and the Apostle John his prophecy follows the method of symbolism and vision The Book of Daniel like *The Revelation* in the New Testament is called an apocalypse which means unveiling The use of apocalypses were given to show the reality behind that which was apparent and to indicate the eventual victory of righteousness upon the earth Little is known about Obadiah The theme of his book is the Doom of Edom the nation descended from Esau The Christian's Wedding Ring Lady (pseud.), Lady, 1874 Time, Technology and Narrative Form in Contemporary US Television Drama JP Kelly, 2017-10-09 This book examines how television has been transformed over the past twenty years by the introduction of

new viewing technologies including DVDs DVRs and streaming services such as Netflix Hulu and Amazon Prime It shows that these platforms have profoundly altered the ways we access and watch television enabling viewers to pause rewind record and archive the once irreversible flow of broadcast TV JP Kelly argues that changes in the technological landscape of television has encouraged the production of narrative forms that both explore and embody new industrial temporalities Focusing on US television but also considering the role of TV within a global marketplace the author identifies three distinct narrative temporalities acceleration 24 Prison Break complexity Lost FlashForward and retrospection Mad Men Through industrial textual analysis of television shows this cross disciplinary study locates these narrative temporalities in their socio cultural contexts and examines connections between production distribution and narrative form in the contemporary television industry
