

"Thumbs-up. . . . Full of fascinating characters, all struggling—in classic Pixar film style—to overcome seemingly impossible odds." —*BusinessWeek*

# The Pixar Touch

The Making  
of a Company

With an Updated Epilogue

David A. Price

# The Pixar Touch

**Peipei Pang**

## **The Pixar Touch:**

*The Pixar Touch* David A. Price, 2009-05-05 A Wall Street Journal Best Book of the Year The Pixar Touch is a lively chronicle of Pixar Animation Studios history and evolution and the fraternity of geeks who shaped it With the help of animating genius John Lasseter and visionary businessman Steve Jobs Pixar has become the gold standard of animated filmmaking beginning with a short special effects shot made at Lucasfilm in 1982 all the way up through the landmark films Toy Story Finding Nemo Wall E and others David A Price goes behind the scenes of the corporate feuds between Lasseter and his former champion Jeffrey Katzenberg as well as between Jobs and Michael Eisner And finally he explores Pixar s complex relationship with the Walt Disney Company as it transformed itself into the 7 4 billion jewel in the Disney crown With an Updated Epilogue

***Flickers of Film*** Jason Sperb, 2015-12-15 Whether paying tribute to silent films in *Hugo* and *The Artist* or celebrating arcade games in *Tron: Legacy* and *Wreck-It Ralph* Hollywood suddenly seems to be experiencing a wave of intense nostalgia for outmoded technologies To what extent is that a sincere lament for modes of artistic production that have nearly vanished in an all digital era And to what extent is it simply a cynical marketing ploy built on the notion that nostalgia has always been one of Hollywood s top selling products In *Flickers of Film* Jason Sperb offers nuanced and unexpected answers to these questions examining the benefits of certain types of film nostalgia while also critiquing how Hollywood s nostalgic representations of old technologies obscure important aspects of their histories He interprets this affection for the prehistory and infancy of digital technologies in relation to an industry wide

anxiety about how the digital has grown to dominate Hollywood pushing it into an uncertain creative and economic future Yet he also suggests that Hollywood's nostalgia for old technologies ignores the professionals who once employed them as well as the labor opportunities that have been lost through the computerization and outsourcing of film industry jobs Though it deals with nostalgia Flickers of Film is strikingly cutting edge one of the first studies to critically examine Pixar's role in the film industry cinematic representations of videogames and the economic effects of participatory culture As he takes in everything from Terminator Salvation to The Lego Movie Sperb helps us see what's distinct about this recent wave of self-aware nostalgic films how Hollywood nostalgia today isn't what it used to be *Power Surge* Thomas Schatz,2026 From the author of *The Genius of the System* the classic tale of Hollywood's first golden age comes the story of its last Thomas Schatz returns us to an era when a newly enriched movie industry rediscovered its creative energy and indie went mainstream without losing its edge Between 1989 and 2004 all the old studios either merged with other media giants or were swallowed up by even bigger diversified behemoths leading to an infusion of money and fast tracking the digital revolution Yet even as CGI and piles of cash fueled a new breed of blockbusters Batman and Titanic Toy Story and The Lord of the Rings an indie ethos permeated the industry And at the crossroads of commodification and aesthetic vision auteurs ranging from Steven Soderbergh and Quentin Tarantino to Sofia Coppola and Ang Lee became household names *Power Surge* traces these trajectories which increasingly clashed and commingled during the 1990s and early 2000s resulting in nothing short of a new golden age and perhaps the last gasp of the century-old studio system *Animation: A World History* Giannalberto Bendazzi,2015-11-06 A continuation of 1994's groundbreaking *Cartoons* Giannalberto Bendazzi's *Animation: A World History* is the largest deepest most comprehensive text of its kind based on the idea that animation is an art form that deserves its own place in scholarship Bendazzi delves beyond just Disney offering readers glimpses into the animation of Russia Africa Latin America and other often neglected areas and introducing over fifty previously undiscovered artists Full of first-hand never before investigated and elsewhere unavailable information *Animation: A World History* encompasses the history of animation production on every continent over the span of three centuries Volume III catches you up to speed on the state of animation from 1991 to present Although characterized by such trends as economic globalization the expansion of television series emerging markets in countries like China and India and the consolidation of elitist auteur animation the story of contemporary animation is still open to interpretation With an abundance of first-hand research and topics ranging from Nickelodeon and Pixar to modern Estonian animation this book is the most complete record of modern animation on the market and is essential reading for all serious students of animation history Key Features Over 200 high-quality headshots and film stills to add visual reference to your research Detailed information on hundreds of never before researched animators and films Coverage of animation from more than 90 countries and every major region of the world Chronological and geographical organization for quick access to the information you're looking for *The Cultural Legacy of Disney* Robyn

Muir, Emily Aguiló-Pérez, Hannah Helm, Rebecca Rowe, 2024-08-06 This book critically engages with the Walt Disney Company as a global media conglomerate as they mark their 100th year of business It reflects on and looks forward to the past present and future of the company and the scholarly engagement surrounding it through three key areas Disney as a Company Disney s Representations and Relating to Disney Disney as a Company identifies the corporate and management cultural changes over Disney s 100 year history with contributors examining Disney s transnational media influence changes in management strategy and Disney s recent transmedia venture Disney Disney s Representations features chapters critically engaging with gender disability and iconic characters that imply cultural change Relating to Disney embodies the crucial work examining how audiences engage with Disney with contributors exploring fashion Disney Fandom and identity and how people engage with the space of the Parks This edited collection explores the newer additions to the company but also reflects on the company s past over its 100 years The chapters provide a diverse examination of the many facets of one of the most successful global media conglomerates providing scholars students and interested audiences a global and interdisciplinary snapshot of the Walt Disney Company at 100 years Business Week, 2008 *The Little Big Things*

Thomas J. Peters, 2010-02-20 1 New York Times Bestselling Author No nonsense back to basics principles to achieve excellence every day from the uber guru of business The Economist No matter the ups and downs of economic indicators or the whirlwinds of new technologies the patented Tom Peters approach to business and management remains as effective as ever As essential for freelancers and small business owners as it is for the heads of major corporations The Little Big Things is a rousing call to arms to American business to get back to the basics of running a successful enterprise An avowed enemy of conformism and the status quo Peters shaped the idea of modern management In The Little Big Things he offers 163 ways to excel at the people side of business and reminds us that rather than thinking about Grand Outcomes we need to focus on excelling today and every day because it s the small things that customers notice it s the small things that make a lasting impression and it s the small successes that lead to something big The father of the post modern corporation Los Angeles Times It is Tom Peters as consultant writer columnist seminar lecturer and stage performer whose energy style influence and ideas have most shaped new management thinking Movers and Shakers The 100 Most Influential Figures in Modern Business Buy this book Stephen R Covey **New York**, 2008-06 *The Innovation Secrets of Steve Jobs: Insanely Different Principles for Breakthrough Success* Carmine Gallo, 2010-09-20 A THINK DIFFERENT APPROACH TO INNOVATION Based on the Seven Guiding Principles of Apple CEO Steve Jobs In his acclaimed bestseller The Presentation Secrets of Steve Jobs author Carmine Gallo laid out a simple step by step program of powerful tools and proven techniques inspired by Steve Jobs s legendary presentations Now he shares the Apple CEO s most famous most original and most effective strategies for sparking true creativity and real innovation in any workplace THE INNOVATION SECRETS OF STEVE JOBS Steve Jobs has reinvented music distribution the mobile telephone and book publishing You might want to take a look at how someone
