The Time Regulation Institute:

The Time Regulation Institute Ahmet Hamdi Tanpınar, 2014-01-07 A literary discovery an uproarious tragicomedy of modernization in its first ever English translation Perhaps the greatest Turkish novel of the twentieth century being discovered around the world only now more than fifty years after its first publication The Time Regulation Institute is an antic freewheeling send up of the modern bureaucratic state At its center is Hayri İrdal an infectiously charming antihero who becomes entangled with an eccentric cast of characters a television mystic a pharmacist who dabbles in alchemy a dignitary from the lost Ottoman Empire a clock whisperer at the Time Regulation Institute a vast organization that employs a hilariously intricate system of fines for the purpose of changing all the clocks in Turkey to Western time Recounted in sessions with his psychoanalyst the story of Hayri İrdal's absurdist misadventures plays out as a brilliant allegory of the collision of tradition and modernity of East and West infused with a poignant blend of hope for the promise of the future and nostalgia for a simpler time For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators [The Time Regulation Institute](#) Ahmet Hamdi Tanpınar, 2001 Old Istanbul aristocrats Turkish teashops imperial diamonds and great and humble mosques are juxtaposed with the almost non descriptive portrayals of neighborhood friendships family relations and local public figures who could be found in any city in Turkey or perhaps any Eastern setting where the old way of life adopts new and Western counterparts Ahmet Hamdi Tanpınar's portrayal of modern post Ottoman Turkey weaves a theater of the absurd suggestively representative of the early days of the young Republic Book jacket
