THEOSOPHICAL ARTICLES AND NOTES

Reprinted from

THE THEOSOPHY Co.

FOREWORD

The articles in this volume come from a variety of sources. They are presented here for their intrinsic worth to students of Theosophy. They are grouped according to the place of first appearance—in the Theosophist, Lucifer, the Path, and other sources. Within these groupings they are arranged chronologically. Internal evidence strongly suggests that some of them have an "adept" origin, and they are so presented. One or two articles unintentionally omitted from Theosophical Articles by H.P.B. and W.Q.J. are included. Other contributions, not identified as to author, are of a quality which makes it appropriate to reprint them here. Thus there are articles, replies and notes which appeared in the Theosophist and Lucifer, also material by Damodar K. Mavalankar, and two articles signed "Murdhna Joti" from the Path. Cicero's "Vision of Scipio" is included by reason of H.P.B.'s briefly in formative footnotes. Judge's "Notes on the Bhagavad Gita" is a Path article which was not a part of the book of that name. Finally, there is material taken from A.P. Sinnett's The Occult World, from the notes of Robert Bowen, a pupil of H.P.B., and also from notes found in the effects of Countess Wachtmeister, apparently taken down from dictation by H.P.B.

The value of the writings here presented will be self-evident to Theosophical students and readers.

Invisible Worlds Kurt Leland, 2013-11-05 To investigate the unexplained laws of Nature and the powers latent in humanity is one object of the Theosophical Society Annie Besant 1847-1933 outspoken feminist political activist and early president of the TS thought that psychic and spiritual development should be available to everyone not just a chosen few In her many books and articles providing guidelines her goal was not to help students develop supernormal powers but to help them increase consciousness in order to receive instruction from the ascended Masters Besant believed this work had positively changed her life and wanted others to enjoy the same benefit Although penned a century ago Besant's wisdom on the subject is still germane Her prose is clear and inspiring and Kurt Leland's introduction and notes are well informed He helpfully divides Besant's writings into four parts Occultism Light and Dark Higher Life Training the Investigation of Different Worlds and the Science of the Superphysical

The Encyclopedic Sourcebook of New Age Religions James R. Lewis, 2004-08-30 In the late 1980s the New Age movement became the focus of both media attention and widespread ridicule as some of the more outlandish aspects of the movement such as channeling and the use of crystals for healing briefly piqued the public's curiosity While the movement was at its height scholars of religion generally sneered at what was perceived to be a daffy shallow craze and ignored it as a subject of serious study Professor James R Lewis was among the first to examine this growing religious phenomenon scientifically In previous books he has investigated the New Age as the most visible manifestation of a significant spiritual subculture the roots of which reach back to Theosophy Spiritualism and New Thought The present collection pursues this theme bringing together some of the best recent scholarship on new religions Since the height of its popular influence the New Age has declined in strength but has given rise to a plethora of new denominations all shaped by New Age ideas and spirituality Reflecting the emergence of this new denominational structure the core chapters of this book focus on specific groups Other chapters examine the movement's historical roots A unique feature of Dr Lewis's work is his inclusion of extensive selections from New Age literature thus allowing readers to experience firsthand the unusual perspectives of the various groups This is a fascinating examination of a significant and persistent religious and social phenomenon
