

Figure 98.

A "just can't do anything with it" tree becomes a bonsai. Upper portion was accidentally broken off leaving only one branch.

Figure 99.

The same rules as in Fig.96 are applied. Bend the trunk downward, and a crown is created to form a triangle. Plant some grass at the base to fill in for the lack of roots on the one side. And wait.

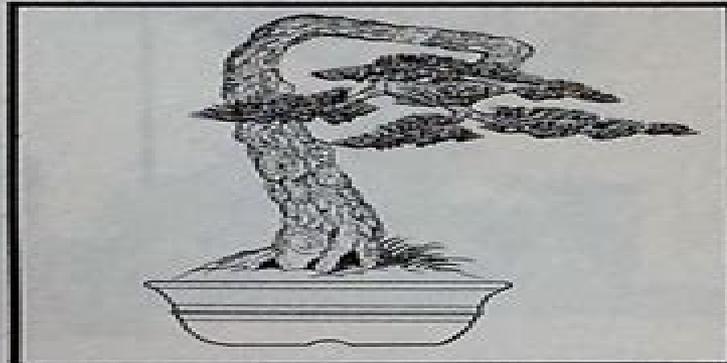

Figure 100.

After a few years it will develop into a well balanced bonsai.
