A section of reliability and validity including some ethical considerations are provided with chapter summary at the end. The discussion chapter in the study is mainly based on the primary findings based on the survey questionnaires and the respondents which have been conducted in the particular study. The discussion chapter elaborates the influential marketing of the advertisements and have captured the variant essences of the study.

Mixed Methods Research Leonard Kamau, 2014-10-21. The Mixed Methods Research: A Practical Guide for Researchers and Graduate Students provides in one volume a holistic approach to understanding mixed methods research. It provides a concise and well-written introduction to mixed methods research giving the reader an elaborate review of the literature, data collection and data analysis procedures and answering the mixed methods research question. The book clearly shows the connection between the theoretical perspective and the research methodology providing the reader with elaborate skills required to conduct research. This new edition places mixed methods research within the philosophical and procedural debates among the quantitative and qualitative researchers. Thus the book is well suited for researchers across social, behavioral and health sciences and more so those with less statistical knowledge.
