**Discourses** Bhikkhu Sujato, SuttaCentral, SuttaCentral has published an entirely new translation of the four Pali Nikayas by Bhikkhu Sujato which is the first complete and consistent English translation of these core texts. This is an ebook version of Bhikkhu Sujato's translation of the A-guttara Nikaya which can also be read at SuttaCentral website. The Numbered or Numerical Discourses are usually known as A-guttara Nikaya in Pali, abbreviated AN. However, the Pali tradition also knows the form Ekottara, one up or incremental, and this is the form usually found in the northern collections. These collections organize texts in numbered sets from one to eleven. Compared to the other Nikayas, they are more oriented to the lay community. The Ekottarika-gama EA in Chinese is a highly unusual text which features a range of variations within itself when it comes even to basic doctrines. It shares considerably less in common with the Pali A-guttara than the other collections do with their counterparts. In addition, there is a partial Ekottarika-gama in Chinese as well as a variety of individual discourses and fragments in Chinese and Sanskrit. This translation of A-guttara Nikaya was updated on March 6th 2023. **Bulletin**, 1908 **Publication** Michigan. Geological Survey, Michigan.
