Understanding Human Development A Multidimensional Approach:

Understanding Human Development Louise Harms,2010 Understanding Human Development is an essential introduction to the core theoretical understandings of human behaviour This engaging text demonstrates how individual contextual and time dimensions interact to influence human adaptation and coping across the lifespan Its multidimensional approach provides your students with valuable insights into the key concepts necessary for understanding the complexities of human behaviour and development

Understanding Human Development Louise Harms,2020-10-28 A multidimensional approach to understanding the complexities of human behaviour and development across the lifespan Each person is uniquely shaped throughout their life by many significant dimensions Understanding Human Development introduces students to new ways of understanding these many dimensions and how they interact to influence human adaptation and coping across the lifespan Now in its third edition this text is significantly revised to provide students with the core theoretical understandings of human development and behaviour Each chapter introduces students to the ideas and research that will likely inform key debates controversies and implications for practice It aims to foster students thinking and their interest in a broad range of issues that have the potential to profoundly influence human behaviour and development

NEW TO THIS EDITION Heavily revised content reflects recent developments in social work and human development New three part structure allows for easy navigation of the text A unique section devoted to trauma and loss Renewed Practice in Context boxes written by social workers help students to place theory in real world context Updated Apply your Understanding in each chapter encourages students to critically reflect on the ideas being introduced New Weblinks and references at the end of each chapter provide useful sources of research and practice and policy materials

The Political Economy of Human Behaviour and Economic Development Sangaralingam Ramesh,2022-09-24 This book explores how economics can be based around studies on human behaviour rather than relying on overly simplified assumptions generated from mathematical modelling Through examining the link between human economic activity and psychology specifically regarding the development of cognitive and non cognitive ability insight into the human dimensions of economic development and the sources of human inequality are provided This book aims to question assumptions of rationality utilised in neoclassical economic theory and suggest how economic activity can be better understood through a deeper recognition of human behaviour It will be relevant to students and researchers interested in the political economy and behavioural economics
