Exploring Language:

Language Through the Looking Glass Marina Yaguello, 1998 To play with language is to break its rules disrupt its patterns exploit its weak points Thus paradoxically puns and spoonerisms neologisms and slogans reveal and highlight the patterns to which discourse conforms patterns which reflect the linguistic competence of language speakers Only those who have linguistics competence can play with it thus language games and the poetic use of language are underpinned by unconscious use of linguistic analysis Using Lewis Carroll s Alice as a starting point Marina Yaguello takes the reader on an unconventional voyage around language charting the major themes of linguistics on the way She shows that we can come to an understanding of language in general and of particular languages through exploring the devices of humour word games and poetry devices which reveal the unconscious linguist in all of us The result is an entertaining but rigorous introduction to language and linguistics for non specialists and students alike *Exploring Language in Global Contexts* Jeffrey Gil, Sky Mersen, 2022-06-07 This accessible and engaging textbook offers a practical approach to understanding the complexity of language by exploring language use and language learning in a wide variety of contexts Bringing together leading specialists who are active researchers in the field of linguistics this book introduces readers to major fields of language study by focusing on social cultural and historical factors that show the dynamic nature of language Topics explored include first and second language acquisition grammar meaning making and pragmatics language use and technology language variation and English as a global language This book surveys major principles and shows how to apply them through structured discussion topics and activities to facilitate a greater understanding and appreciation of language This is essential reading for undergraduate students taking courses in linguistics and language use and a valuable resource for students of communication studies media studies sociology and anthropology *Exploring Language Frameworks* Evelina D. Galaczi, Cyril J. Weir, 2013-01-10 This book explores the impact of language frameworks on learning teaching and assessment viewed from the perspective of policies procedures and challenges It brings together a selection of edited papers based on presentations given at the 4th International Conference of the Association of Language Testers in Europe ALTE held in Krak w Poland in July 2011 The selected papers focus on the conference s core themes as follows the effect of frameworks on teaching learning and assessment the value of frameworks for teachers learners and language policymakers the contribution of frameworks towards describing particular languages *Exploring Language Change* Mari Jones, Ishtla Singh, 2013-09-13 In this student friendly text Jones and Singh explore the phenomenon of language change with a particular focus on the social contexts of its occurrence and possible motivations including speakers intentions and attitudes Presenting new or little known data the authors draw a distinction between unconscious and deliberate change The discussion on unconscious change considers phenomena such as the emergence and obsolescence of individual languages whilst the sections on deliberate change focus on issues of language planning including the strategies of language revival and revitalization

movements There is also a detailed exploration of what is arguably the most extreme instance of deliberate change language invention for real world use Examining an extensive range of language situations Exploring Language Change makes a clear but often ignored distinction between concepts such as language policy and planning and language revival and revitalization Also featured are a number of case studies which demonstrate that real life language use is often much more complex than theoretical abstractions might suggest This is a key text for students on a variety of courses including sociolinguistics historical linguistics and language policy and planning
