Building Vocabulary Using Homonyms

by Becky L. Spivey, M.Ed.

Helping students broaden their vocabulary skills should begin very early by exposing them to words with more than one meaning. Recognizing and understanding more than one meaning for a word demonstrates the depth of a student's vocabulary, while knowing when and how to use multiple meaning words defines the quality. Having quick recall of multiple meanings for words also enables us to laugh at and appreciate the wittiness of puns and other common forms of humorous or figurative language.

Using *homonyms* to teach everyday vocabulary makes creating lessons for all age groups easy due to the extensive list of multiple meaning words from which to choose. The term "homonym" refers to words that are spelled the same and sound the same but have different meanings (e.g., Dad deposits money in the *bank*. Jack climbed the snowy *bank*.). "Homonyms" also refers to *homographs* and *homophones*. *Homographs* are words that have the same spelling but different meanings (e.g., Her *fine* china was broken into pieces. Going to the movie is *fine* with me.). Homographs pronounced differently are *heteronyms* (e.g., The *record* has 12 songs on it. Did you *record* the songs yourself?). *Homophones* are words that sound the same but have different spellings/meanings (e.g., It is a *chilly* day. Dad puts *chili* on his hot dogs.).

Important Skills with Homonyms

When studying homonyms (and all their categories), students should be able to:

- Understand that most words in the English language have more than one meaning;
- Recognize that homonyms can be different parts of speech;
- Match different meanings in context with the correct homophone;
- Choose one word from a group to complete a number of sentences;
- Use homonyms in different contexts;
- Identify incorrect usage of homophones in sentences;
- Present homophones correctly in writing (e.g., using *chilly* day, not *chili* day);
- Comprehend use of multiple meaning words in figurative language/idioms (e.g., Why did the king always draw straight lines? He was the *ruler*! Can students explain why the idiom is funny?).
