Realizing Strategy through Projects: The Executive's Guide Carl Marnewick, 2018-01-02 Executives should not necessarily know the intricacies of project management but they should know how project management as a discipline can benefit the organization in implementing its strategies and realizing its vision The only way that executives can effectively apply project management to realize these goals is to have sound knowledge of the project management discipline The purpose of this book is to provide executives with a comprehensive overview of the discipline of project management It focuses on the benefits of project management to an organization The goal is to provide executives with a view as to how project management can deliver organizational strategies The various chapters focus on specific aspects within the project

management discipline and how each aspect should be managed from a business perspective The book covers the entire spectrum of project management from a management and leadership perspective The focus is not necessarily on what needs to be done from a project management perspective but on what organizations and senior executives can do to facilitate projects The book covers The value of project management Project management as a strategic enabler Project program and portfolio management The role of the project management office in the successful delivery of projects programs and portfolios The benefits of project deliverables bring Sustainability of the organization Governance and the role of the project sponsor The book concludes with a comprehensive portfolio program and project management framework This holistic framework enables organizations to achieve value from project management and realize strategic goals

Building on Smart Cities Skills and Competences Panos Fitsilis,2022-07-06 This book provides insights on skills required to achieve success in smart cities from a variety of industry and human factors perspectives It emphasizes the balance between learning skills technical skills and domain specific skills in these industries with special emphasis given to innovative software development models The authors note that digital transformation requires complementary measures that are not overtly aimed to support infrastructure investment but are instead directed at promoting entrepreneurship improving digital skills engaging citizens applying new transformation strategies and developing innovative software All of the above are considered strategically important especially for medium sized cities since that enable them to be more competitive in the global economy

Advances in Cyber Security Nibras Abdullah,Selvakumar Manickam,Mohammed Anbar,2021-12-02 This book presents refereed proceedings of the Third International Conference on Advances in Cyber Security ACeS 2021 held in Penang Malaysia in August 2021 The 36 full papers were carefully reviewed and selected from 92 submissions The papers are organized in the following topical sections Internet of Things Industry 4 0 and Blockchain and Cryptology Digital Forensics and Surveillance Botnet and Malware DDoS and Intrusion Detection Prevention Ambient Cloud and Edge Computing SDN Wireless and Cellular Communication Governance Social Media Mobile and Web Data Privacy Data Policy and Fake News
