## My Heart S Undoing:

**Undoing What the World Has Done to You** Sherry Saldutti, 2012-08-09 There is a road every woman must travel in order to truly discover who she is in the Lord We are all buried beneath voices of what people have told us about ourselves messages telling us who and what we should be The world does many things to our minds our hearts our souls This Bible study is a process of how to begin to undo all of the things the world has done to you We must take a look at the foundation we stand upon Is it made from man or have you built it on the Word of God We get exhausted trying so hard to fit into a world that is not of the Kingdom of God and then wonder why we dont feel him in our presence Ladies you must undo and get out of the things you are buried beneath to discover the real truth That you my dear are a beautiful daughter of a King created with great purpose Let us begin to undo so we can DO His will *From the Heart* Jeffrey L. Kosky, 2025-02-25 What does it mean to have a heart How does it feel when a heart fails and what does it take to recover In a world beset by never ending crises personal and collective local and global is heartlessness the only option From the Heart weaves together a personal narrative of a life threatening ailment with considerations of philosophy art and science to contemplate ultimate questions matters of life and death Jeffrey L Kosky recounts his brush with death the surgical repair of a congenital defect in his aortic valve his gradual recovery of everyday life and his struggle to find the heart to go on throughout it all To make sense of the experience he immerses himself in humanistic inquiry and medical science the histories of medicine cardiac surgery and knowledge of the human heart as well as the works of artists writers philosophers and theologians Writing about the experience of being human from the precarious position of his own woundedness Kosky shares hard earned perspectives on what matters most Combining moving memoir encounters with major authors and artists and heartfelt reflections on the big questions of existence this elegantly written book is at once erudite and powerful It shows us why the heart in physical emotional and metaphorical senses helps us come to terms with sickness and health dying and living **My Heart's**
