challenges of the new data economy GDPR For Dummies Suzanne Dibble, 2019-11-19 Don't be afraid of the GDPR wolf How can your business easily comply with the new data protection and privacy laws and avoid fines of up to 27M GDPR For Dummies sets out in simple steps how small business owners can comply with the complex General Data Protection Regulations GDPR These regulations apply to all businesses established in the EU and to businesses established outside of the EU insofar as they process personal data about people within the EU Inside you'll discover how GDPR applies to your business in the context of marketing employment providing your services and using service providers Learn how to avoid fines regulatory investigations customer complaints and brand damage while gaining a competitive advantage and increasing customer loyalty by putting privacy at the heart of your business Find out what constitutes personal data and special category data Gain consent for online and offline marketing Put your Privacy Policy in place Report a data breach before being fined 79% of U.S. businesses haven't figured out how they'll report breaches in a timely fashion provide customers the right to be forgotten conduct privacy impact assessments and more If you are one of those businesses that hasn't put a plan in place then GDPR For Dummies is for you The EU as a Global Digital Actor Elaine Fahey, 2022-09-08 This is the first significant study of how EU institutionalisation promotes and enhances EU digital trade and global data transfers The Comparative Law Yearbook of International Business: , 2016-10-24 In this thirty eighth volume of the Comparative Law Yearbook of International Business once again practitioners and experts in a variety of legal fields examine issues from national and regional perspectives Authors from Germany Japan Nigeria and Poland deal with issues relating to data protection and privacy Investment and infrastructure topics are examined by authors from Brazil Colombia Greece and the United States Subjects ranging from corporate responsibility patent infringement litigation and credit portfolio transfers to medical and family leave food and beverage product representations and distribution agreements are treated by authors from Belgium Hungary Ireland Japan Latvia and the United States **Guide to the EU-U.S. Privacy Shield** , 2016 The European Union EU and the United States U.S. have strong commercial ties Transfers of personal data are an important and necessary part of the transatlantic relationship especially in today's global digital economy Many transactions involve the collection and use of personal data for example your name phone number birth date home and email address credit card number national insurance or employee number login name gender and marital status or any other kind of information that makes it possible to identify you For instance your data may be collected in the EU by a branch or a business partner of an American company which receives the data and then uses it in the U.S. This is the case for instance when you buy goods or services online when using social media or cloud storage services or if you are an employee of an EU based company that uses a company in the U.S. e.g. the parent company to deal with personnel data EU law requires that when your personal data are transferred to the U.S. they continue to benefit from a high level of protection This is where the EU U.S. Privacy Shield comes in The Privacy Shield allows your personal data to be transferred from the EU to a company in the United States provided that the company

these processes e.g. uses stores and further transfers your personal data according to a strong set of data protection rules and safeguards. The protection given to your data applies regardless of whether you are an EU citizen or not. *Eu-US Privacy Shield: The Ultimate Step-By-Step Guide* Gerardus Blokdyk, 2018-01-27.
