TOOLS AND MATERIALS

Glue or tape

Any type of glue or tape will hold the model together, but a glue stick or double-sided tape is the easiest and fastest material to use. With glue, you will also need time for drying time for each step is considerably longer.

ASSEMBLING THE MODEL

1. Press out all of the template pieces.
2. Make the valley and mountain folds in preparation. Push along the edge of each fold to make sure that it is well defined and sharp. The sharper the fold, the better the finished model will look.
3. Using the order of work below, find two template pieces that have edges with a corresponding number. For example, edge number 1's join together with another edge number 1's.
4. In each pair of numbered edges, one piece will have a gluing side and one will not. The gluing side will always go to the inside of the model. For the snout, put before you apply the glue or tape to the side. Once you are happy with how the parts fit together, apply glue to the outer surface of the fold and bring the two edges together. Apply pressure to the joint until the glue has an enough to hold on its own.

ORDER OF WORK

Start with the ears.
Follow up the nose to eye.
Top of head.
Back of head.
Snout.

HEADBAND

Once you have built the snout, make the headband and tape it to the inside of the snout, using the following instructions:

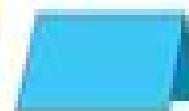

1. Use the three surfaces of the head into a strip leaving one end open. We have shown three examples for each join. Then wrap the band around your head overlapping the last band ends.
2. Tape or glue the final overlap so that the band is snug but not tight on your head.
3. Slip the band off your head and tape the front of the band (the section without a valley to the front of the snout of the snout). You may need to play around with the position of the band to get the snout to sit on your head in the way that you want.
4. Tape the three straight sides to the inside of the snout to hold the band in place.

VALLEY AND MOUNTAIN FOLD

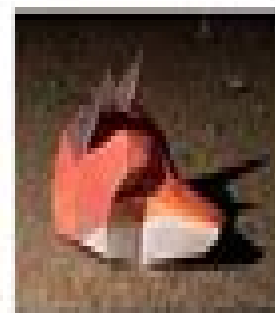

To create the model, you'll need to use two types of simple paper folds:

Valley fold
represented by a dashed line

Mountain fold
represented by a dashed line with dots
