Visualizing with CAD Daniela Bertol,2013-11-11 I spent the first twenty six years of my life in Rome I used to go for ice cream to a popular place near the Pantheon and I remember the excitement I felt beyond the chocolate and whipped cream when I entered this ancient Roman temple After staring at the shower of light coming from the circular opening at the center of the dome as strong as a spotlight I remember being attracted almost hypnotically to the place below the opening I remember counting the coffers carving the concave dome composed in five rows of circular arrays and could feel the power and protection created by the concave space I also recall going every Sunday to Piazza San Pietro This Baroque square is well known for its colonnades which have an oval shape defined by two interlocking circles For each of these circles there is a mark located approximately at its center from which the four aligned rows of columns appear as one Before entering the church almost as a part of a ritual I had to find the mark in the pavement of the oval square I was amazed by how the rows of columns could appear and disappear according to my position in relation to the mark

Humor Us Donald Capps,2016-10-21 This book addresses the fact that Americans tend to live under a considerable amount of stress tension and anxiety and suggests that humor can be helpful in alleviating their distress It posits that humor is a useful placebo in this regard cites studies that show that humor moderates life stress considers the relationship of religion and humor especially as means to alleviate anxiety proposes that Jesus had a sense of humor suggests that his parable of the Laborers in the Vineyard has humorous implications for the relief of occupational stress explores the relationship of gossip and humor and suggests that Jesus and his disciples were a joking community It concludes that Jesus viewed the kingdom of God as a worry free existence
