

Fiona Singleton is only eleven years **old** and she is already a brilliant pianist. However, she lives in a small flat that there is certainly no room for a piano. So, **every** single day after school, Fiona rides the bus across town to see her aunt, **whose** grand piano is always available to her. Sitting **by** herself in her aunt's enormous living room, she spends an hour concentrating **on** pieces she needs to perform at her next concert. But then she stays for another hour and plays together with her aunt, who has a successful career **as** a top concert pianist. Fiona dreams that she will one day lead a life just like her aunt's, but of course in her dreams, she is the best pianist in the **whole** wide world!

Natural Talent?

Do some people have natural talent that they are born with (21) .. or.. is it a case of working hard and making the most of what they've got? Professional sportsmen and women are (22)... a ... good example. Certainly there are those (23).. **who** ... have shown a natural ability at a very young age. However, this will not lead (24)... **to** ... success by itself. ----- . Other personal qualities are needed, (25) .. **such..** as determination and a desire to be the best. Then there is the idea of hard work. If you (26) .. **want** .. to succeed you need to work very hard. So, in my opinion, natural talent and hard work go hand in hand. One cannot exist (27) .. **without** .. the other.
