Young Adult Library Services Anthony Bernier, Shari Lee, 2024-04-26 Finally a single volume that comprehensively introduces and addresses the most pressing issues and opportunities in young adult teen library services Perpetually in the shadow of service to children and historically riven by fractious relationships between public and school libraries young adult services continue to suffer inadequacies and inequities of all kinds Consequently this area of specialization remains without the capacity to build the institutional political cultural or professional influence needed to grow and develop beyond ritual and repetition Young Adult Services Challenges and Opportunities COYAS begins to address these inequities by preparing professionals In COYAS LIS youth services instructors especially those in the United States and Canada will find a single broad and diverse engagement with scholars and acknowledged experts on the most pressing issues confronting YA services today Students at both graduate and undergraduate levels will benefit from the field tested topics delivered through accessible treatments Practicing YA and youth librarians will appreciate the support and evidence based analysis they likely found lacking in their MLIS programs Earnest youth advocates will value the pursuit of issues beyond cliché and perpetual crash course entry level conversations In addition instructors and students will both value the brevity of concisely focused chapters sectional introductions as well as the study guide questions that conclude each chapter Content areas include history and critical engagement with foundational concepts in YA services current practices regarding challenges and opportunities as well as forward leaning issues for future development of the field COYAS will ultimately empower librarians in delivering professional grade information services to improve the quality of young people's experience in this important cultural institution
