Manual for Undertaking National Urban Assessments Asian Development Bank, 2016-11-01 Urbanization in Asia is expected to reach 55% by 2030 and 64% by 2050 to constitute 53% of the world's urban population and contribute half the

world's gross domestic product. But as cities swell, they also struggle with environmental degradation, traffic congestion, inadequate urban infrastructure, and lack of basic civic services. This manual, prepared by the Urban Sector Group of the Asian Development Bank (ADB), provides guidelines for conducting rapid urban assessments. It is guided by the Urban Operational Plan 2012-2020, which outlines ADB's support to its members in developing their urban economies through the 3E approach: Economy, Environment, and Equity. It presents a framework providing a context for the city-level 3E tool kits: Tool Kit for Rapid Economic Assessment, Planning and Development of Cities in Asia; Green City Development Tool Kit; and Enabling Inclusive Cities Tool Kit for Inclusive Urban Development.

International Development Projects (Ruggero Golini, Paolo Landoni, 2013-09-01). In *International Development Projects: Peculiarities and Managerial Approaches*, researchers/practitioners from two of Italy's most prestigious universities provide practical insights into this phenomenon and how the lessons learned in this high-stakes international arena can help anyone managing projects that span companies, cultures, and continents. Incorporating the wisdom of almost 500 experienced ID project managers, as well as the latest in academic research, this book provides an unprecedented look at the unique characteristics of ID projects, the methods being used to manage them, and the specific tools and processes that most often lead to success.

The Knowledge Translation Toolkit (Gavin Bennett, Nasreen Jessani, 2011-06-06). The Knowledge Translation Toolkit provides a thorough overview of what knowledge translation (KT) is and how to use it most effectively to bridge the know-do gap between research, policy, practice, and people. It presents the theories, tools, and strategies required to encourage and enable evidence-informed decision-making. This toolkit builds upon extensive research into the principles and skills of KT, its theory and literature, its evolution, strategies, and challenges. The book covers an array of crucial KT enablers, from context mapping to evaluative thinking, supported by practical examples, implementation guides, and references. Drawing from the experience of specialists in relevant disciplines around the world, the Knowledge Translation Toolkit aims to enhance the capacity and motivation of researchers to use KT and to use it well. The tools in this book will help researchers ensure that their good science reaches more people, is more clearly understood, and is more likely to lead to positive action. In sum, their work becomes more useful and therefore more valuable.

Project Quality Sami Zaki Moussa (d),1997 **Regional Queen Conch Fisheries Management and Conservation Plan** Food and Agriculture Organization of the United Nations,2017-01-01 The overall objective of this 10 year Regional Queen Conch Fishery Management and Conservation Plan is to guide the implementation of a set of identified management measures that can be applied at the regional or sub regional level for the sustainability of queen conch populations and for the maintenance of a healthy fishery and livelihood of the people involved in the fishery. The ecosystem approach forms the basis of this Regional Queen Conch Fishery Management and Conservation Plan enhancing partnerships and collaboration throughout the Wider Caribbean region to improve the long term governance of queen conch fisheries across the Caribbean. The Regional Queen Conch Fishery Management and Conservation Plan was formulated with the following specific objectives: 1 To improve the collection and integration of scientific data needed to determine the overall queen conch population status as the basis for the application of ecosystem based management 2 To harmonize measures aimed at increasing the stability of the queen conch population and to implement best management practices for a sustainable fishery 3 To increase coordination and collaboration toward achieving better education and outreach monitoring and research co management and strengthening optimizing and harmonizing regional governance arrangements 4 To adopt regional management measures which incorporate the precautionary approach **Child Labour and School Enrolment** Horst Friedrich Rolly,2019-08-16 This book reflects the outcome of a long term involvement in issues of child labour non formal education and formal school enrolment. It documents research findings and practical experiences on social economic and cultural causes of child labour and various pragmatic and theory guided methods as well as legal instruments to combat child labour. The tenet that quality schooling prevents child labour implies a shift in child labour monitoring from a conventional controlling approach at workplaces to a community based enabling approach at schools. Child labour and school enrolment are not isolated phenomena that can be strategically resolved under controlled conditions in the human lifeworld but are rather positioned reflected and acted upon in the context of a handed down and existing system. Universal human rights instruments including educational rights offer directives to resolve problematic settings that prevailed over time however they require an unequivocal commitment which is not always the case in the ground reality of pluralistic stakeholders divided by conflicting group interests **Project Cycle Management in Lao PDR** Jacquelyn Chagnon,2002 The "measures of Success" Approach Leif D.
