being successful despite their lack of knowledge or hard work I will admit as I improved my public speaking and communication skills I was the beneficiary of being seen as more competent in a management role than I actually was Just imagine if you were able to be a better public speaker or communicator By pairing this communication skill with your knowledge and hard work ethic there is no limit to where you will end up both professionally and personally I can't even count how many successful presentations speeches sales pitches and social engagements I have been a part of More importantly I have taught and helped numerous students and clients become better public speakers These speakers have gone on to be better salespeople move up their corporate ladder and become more likeable in their social circles Some have even made it so far down the path that they are now true masters of public speaking This book is a collection of the strategies and tactics that I share with them This is your opportunity to take a crash course on becoming a master public speaker Just think of the impact that we could have Good public speakers can empower encourage and persuade entire crowds with just one speech At work you can motivate your team land that big sale or project as well as talk your way into a promotion Have you ever overheard someone having a conversation at a restaurant or other public setting and their simple conversation sounded like an authentic yet well rehearsed speech Look at how others admire orators like that There is no reason that you can't excel in the same way I am sure we agree that the above points are important but why do we really need to improve our public speaking skills The possible benefits are powerful and endless Imagine having an improved sense of self esteem Picture yourself having better communication and leadership skills You can have more friends and a larger professional network Your personal satisfaction will go through the roof This isn't a scam It's a promise Just work on the skills in this book get out there and get exposure
