[Instigation](#) Michael Arnzen,2013-03-15 INSTIGATION Creative Prompts on the Dark Side by award winning horror author and writing professor Michael A Arnzen is a treasury of twisted tips strange scenarios and disturbing sparks to help ignite the fuel in your creative furnace Its aim To push you into the danger zone of your imagination by thinking in unconventional ways and trying things you never thought or

dared to try before in your writing art or dreams Features include prompts for new stories revision memoir writing and NaNoWriMo Also includes articles by Arnzen on the writing process *Stimulating Story Writing!* Simon Brownhill,2015-10-16 Stimulating Story Writing Inspiring Children aged 7 11 offers innovative and exciting ways to inspire children to want to create stories and develop their story writing skills This practical guide offers comprehensive and informed support for professionals to effectively engage child authors in stimulating story writing activity Packed full of story ideas resource suggestions and practical activities the book explores various ways professionals can help children to develop the six key elements of story these being character setting plot conflict resolution and ending All of the ideas in the book are designed to complement and enrich existing writing provision in classrooms with strategies such as role play the use of different technologies and using simple open ended resources as story stimuli Separated into two sections and with reference to the Key Stage 2 curricula this timely new text provides professionals with tried and tested strategies and ideas that can be used with immediate effect Chapters include Creating Characters The Plot Thickens Inspired Ideas Resourcing the Story Stimulation This timely new text is the perfect guide for inspiring children aged 7 11 in the classroom and will be an essential resource for teachers and students on teacher training courses [101 Creative Writing Prompts for Kids](#) Mo O'Reilly,2018-08-27 Always wanted to practice your creative writing skills but didn't know where to start Then this book is for you Let your imagination run wild with 101 fun story ideas from digging up ancient artefacts to meeting your evil twin Just grab a pencil and away you go [Teaching with Tablets](#) Helen Caldwell,James Bird,2015-03-19 The presence of handheld technologies in the classroom isn't enough you need to know how to use them to enhance teaching and transform learning As more and more primary schools acquire devices such as iPads and tablets it is becoming clear that adding them as a classroom resource is not enough Teachers and trainees need strategies to integrate these into existing learning contexts in a meaningful way Without this these fantastic resources lose their value This book helps teachers to make the most of these devices in the primary classroom It offers guidance on how to use tablets to devise meaningful learning activities embed them in genuine curriculum contexts drawing upon case studies from existing practice It is written for non specialists and explains technical terms in an accessible practical way Each chapter begins with a case study contributed by a teacher using tablets in schools Real life examples and comments like this give the text a truly practical focus The book's Pinterest board includes the apps mentioned in the book as well as a handy infographic for a snapshot guide on starting off your tablet teaching journey A note from the authors The use of technology in schools continues to evolve rapidly as new devices and tools become available and the adoption of mobile devices such as iPads and tablets has been a particularly exciting development in recent years The benefits offered by these technologies such as their portability connectivity accessibility and range of media present new challenges and opportunities for teaching and learning As the take up of tablets gathers pace in our schools there is a need for advice on the best approaches and apps to help achieve successful learning

outcomes Teachers need to find meaningful ways to integrate the devices into their own practice and to evaluate which of the many thousands of educational apps might be appropriate for their pupils This book considers how iPads and tablets can be used to enhance teaching and learning in primary schools It is especially relevant in the light of the computing curriculum which puts a new emphasis on children as makers and creators of digital content Across other curriculum subjects too the introduction of mobile devices that can be quickly and reliably accessed has precipitated a shift in practice For example they have enabled teachers and children to spontaneously pursue lines of inquiry to connect collaborate and publish in many different ways and to use their digital skills to enhance their exploration of the physical world outside the classroom With these opportunities in mind we offer anecdotes from the classroom and examples of how tablets might be embedded within current pedagogy and practice as a natural learning tool Each chapter combines a practical case study with discussion of related pedagogy and recommends apps to support a personalised inclusive and active approach to teaching and learning
