**40 Strategies for Guiding Readers Through Informational Texts** Barbara Moss, Virginia Loh-Hagan, 2016-05-23

Gaining the skills to critically read a wide variety of informational texts is more important than ever for today's K-12 students. This carefully crafted book offers 40 standards-based instructional activities that teachers can immediately put to use in the classroom. Clear rationales and step-by-step instructions are provided for implementing each strategy together with helpful classroom examples and suggested texts for different grade levels. In a large size format for easy photocopying, the book includes 44 reproducible worksheets. Purchasers get access to a Web page where they can download and print the reproducible materials. Prior edition title: 35 Strategies for Guiding Readers through Informational Texts. New to This Edition: Now features more strategies including 16 that are completely new. Explicit links throughout to the Common Core State Standards (CCSS) and other current standards. Two additional strands of activities: Reading Closely and Discussion. Numerous new and revised reproducible tools, all downloadable.

Jodi Wheeler-Toppen, 2011 Writing skills are high on the list of real world requirements for all students, including science students. Every scientific discipline needs professionals who can ably communicate in writing. Scientists must be able to describe their proposed studies for funding considerations, track their observations and results in their own notes, describe their experimental protocols for their peers to replicate, and synthesize their work to the wider world community.
