

# JAPANESE CULTURE

Japanese culture is a set of values that puts importance on social harmony and hard work. Up until the 10th century, Japanese culture was similar to the Chinese culture, but the rise of the samurai in the Heian Period and the isolation during the Edo Period changed the rules of society. Overall, the culture was influenced by the local Shinto religion, Buddhism, Confucianism and the limited natural resources.

*While Japanese lifestyle has been Westernized recently, Japanese people still do everything possible to preserve their rich cultural heritage by practicing tea ceremony, wearing kimono and studying traditional arts and crafts from early childhood.*
