Keene Plato, 1895 *Forthcoming Books* Rose Arny, 2004 Homērou Ilias: - Books I-XII Homer, 1895 **Quarterly literary advertiser**, 1886 **The Publishers' Trade List Annual**, 1985 **Political science in motion** Ramona Coman, Jean-Frédéric Morin, 2019-08-06 What are the main trends in contemporary political science research This book examines recent developments in political science research What are the new influences to which the discipline opens itself up Is political science research converging towards a single model or splitting into different streams What are the new challenges at the beginning of the 21st century This collection of essays discusses three interrelated topics the relationship between political science and the problems of politics the relationship between political science and other fields of research and the transformation of the profession

EXTRACT The past the present and the future of political science have always been a topic of inquiry for political scientists This collection of essays is not the first to explore the evolution of the discipline Since its inception scholars of politics of all persuasions have re produced the story of the field as a discipline and as a profession Farr et al 1990 598 Blondiaux 1997 10 Gunnell 2002 339 Dryzek 2002 2006 They have explored the discipline s relation with its social and political environment they have questioned its epistemological and ontological specificities and more recently they have documented its professional standards codes and practices As the discipline expands in different parts of the world the attention devoted to its evolution and development has increased Political science is a recognized object of study and state of the discipline studies are flourishing This book seeks to contribute to these recent debates about the evolution of the discipline by exploring three interrelated themes namely 1 the discipline s co evolution with politics 2 its changing relations with sister disciplines 3 and the transformation of its practices for knowledge production and dissemination We argue in this volume that these topics are fundamental as they directly address the core identity of political science ABOUT THIS BOOK There is

very little literature on academic journals and how they function or what they achieve and Political Science in Motion is to be welcomed as a step towards filling that gap It is well edited as is evident from the cross references between chapters It answers some of the questions that one might want to ask while others remain unanswered Wyn Grant The London School of Economics and Political Science Review of books
