Security Awareness For Dummies Ira Winkler, 2022-03-28 Make security a priority on your team Every organization needs a strong security program One recent study estimated that a hacker attack occurs somewhere every 37 seconds Since security programs are only as effective as a team s willingness to follow their rules and protocols it s increasingly necessary to have not just a widely accessible gold standard of security but also a practical plan for rolling it out and getting others on board with following it Security Awareness For Dummies gives you the blueprint for implementing this sort of holistic and hyper secure program in your organization Written by one of the world s most influential security professionals and an Information Systems Security Association Hall of Famer this pragmatic and easy to follow book provides a framework for creating new and highly effective awareness programs from scratch as well as steps to take to improve on existing ones It also covers how to measure and evaluate the success of your program and highlight its value to management Customize and create your own program Make employees aware of the importance of security Develop metrics for success Follow industry specific sample programs Cyberattacks aren t going away anytime soon get this smart friendly guide on how to get a workgroup on board with their role in security and save your organization big money in the long run **Complete Book of Rod Building and Tackle Making** C. Boyd Pfeiffer, 2013-01-15 In its first edition published in 1993 The Complete Book of Tackle Making became the reference of choice for builders of fine tackle and casual craftsmen alike It saved countless anglers thousands of dollars and now with this new edition revised updated and expanded to accommodate the many developments in tackle making methods equipment and materials made since then it can continue to do so for years to come Twenty seven chapters and helpful appendixes include everything readers need to know about tools spinners bucktails jigs sinkers plastic lures and plugs wire leaders painting and finishing methods basic and advanced rod building basic and decorative wraps necessary knots and splices tackle care and repair suppliers and manufacturers and much more With more than eight hundred photographs and clear step by step instruction throughout this book is the ultimate reference for the tackle tinkerer Catching Trophy Salmon and Trout Gerry Wolfram, 1986 **Twitterbots** Tony Veale, Mike Cook, 2018-09-11 The world of Twitterbots from botdom s greatest hits to bot construction to the place of the bot in the social media universe Twitter offers a unique medium for creativity and curiosity for humans and machines The tweets of Twitterbots autonomous software systems that send messages of their own composition into the Twittersphere mingle with the tweets of human creators the next person to follow you on Twitter or to like your tweets may not a person at all The next generator of content that you follow on Twitter may also be a bot This book examines the world of Twitterbots from botdom s greatest hits to the hows and whys of bot building to the place of bots in the social media landscape In Twitterbots Tony Veale and Mike Cook examine not only the technical challenges of bending the affordances of Twitter to the implementation of your own Twitterbots but also the greater knowledge engineering challenge of building bots that can craft witty

provocative and concise outputs of their own Veale and Cook offer a guided tour of some of Twitter's most notable bots from the deadpan *big_ben_clock* which tweets a series of BONGs every hour to mark the time to the delightful pentameton which finds and pairs tweets that can be read in iambic pentameter to the disaster of Microsoft's TayAndYou which learned conspiracy theories racism and extreme politics from other tweets They explain how to navigate Twitter's software interfaces to program your own Twitterbots in Java keeping the technical details to a minimum and focusing on the creative implications of bots and their generative worlds Every Twitterbot they argue is a thought experiment given digital form each embodies a hypothesis about the nature of meaning making and creativity that encourages its followers to become willing test subjects and eager consumers of automated creation Some bots are as malevolent as their authors Like the bot in this book by Veale Cook that uses your internet connection to look for opportunities to buy plutonium on The Dark Web PROSECCOnetwork If writing is like cooking then this new book about Twitter bots is like Apple Charlotte made with whale blubber instead of butter PROSECCOnetwork These bot critiques generated at <https://cheapbotsdonequick.com> source PROSECCOnetwork
