Public Speaking Skills A Practical Guide John Keys, 2019-11-28 Buy the Paperback Version of this book and get the Kindle Book version for FREE Do you want to know How to build an effective public speech How to fulfill the tasks set by the speaker convince the audience and attract it to their side What methods and techniques to apply Even if you are not a natural communicator with Public Speaking Skills you will see that it will give you what you need when it comes to knowing how to speak in public in different scenarios The many topics within the book will include the following Developing eloquence Correctly organizing a speech Mastering the methods of oratory Mastering body language voice and intonation Improve energy and self esteem Overcoming fear and anxiety And much more After establishing a firm understanding of these topics there should be no reason for any doubt to remain about how the public speaking communication process works The more correctly a person expresses his thoughts the more easily he achieves his life goals The ability to possess information work with information and easily and competently transmit it these are the qualities of a modern successful person The word is not only a means of communication and exchange of information but it is also a tool for influencing the consciousness and will of people in order to educate them form beliefs and mobilize them for specific cases And such tasks can only be accomplished by a remarkable person which is what those who master the art of rhetoric become a special science about the laws of invention arrangement and expression of thoughts and speech No wonder it was called in ancient times the art of controlling the minds Plato and was placed on a par with the art of a commander Cicero and its strong influence recognized as vital in the development of society and the state Naturally many scholars have devoted

their treatises to oratory wanting to find new tricks and methods with which to make speech convincing And today practitioners and researchers in the field of oratory are also worried about the questions The task of this book is precisely to answer these questions drawing on the experience of the author and researchers First of all from A to S an algorithm for working on a public speech is given The theory is supported by practical work by performing which the reader will consolidate the knowledge received Would you like to know more Download now to learn how to communicate Scroll to the top of the page and select the buy now button
