information regarding Palestinian society and culture either concerning its relationship with Israeli society its position
between east and west or its stances in times of war and peace One of the best sources for understanding Palestinian culture
is its cinema which has devoted itself to serving the national struggle In this book two scholars an Israeli and a Palestinian in
a rare and welcome collaboration follow the development of Palestinian cinema commenting on its response to political and
social transformations They discover that the more the social political and economic conditions worsen and chaos and pain
prevail the more Palestinian cinema becomes involved with the national struggle As expected Palestinian cinema has
unfolded its national narrative against the Israeli narrative which tried to silence it **Ford Transit Connect Owners
