Cupcakes, Pinterest, and Ladyporn Elana Levine, 2015-09-30 Media expansion into the digital realm and the continuing segregation of users into niches has led to a proliferation of cultural products targeted to and consumed by women. Though often dismissed as frivolous or excessively emotional, feminized culture in reality offers compelling insights into the American experience of the early twenty-first century. Elana Levine brings together writings from feminist critics that chart the current terrain of feminized pop cultural production. Analyzing everything from *Fifty Shades of Grey* to Pinterest to pregnancy apps, contributors examine the economic, technological, representational, and experiential dimensions of products and phenomena that speak to and about the feminine. As these essays show, the imperative of productivity currently permeating feminized pop culture has created a generation of texts that speak as much to women's roles as public and private workers as to an impulse for fantasy or escape. **Incisive and compelling** *Cupcakes, Pinterest, and Ladyporn* sheds new light on contemporary women's engagement with an array of media forms in the context of postfeminist culture and neoliberalism.

Celebrity Memoir Hannah Yelin, 2020-11-10 In this timely analysis of the economics of access that surround contemporary female celebrity, Hannah Yelin reveals a culture that requires women to be constantly baring all in physical exposure and psychic confessions. As famous women tell their story in their own words, constellations of ghostwriters, intermediaries, and market forces undermine assertions of authorship and access to the real woman behind the public image. Yelin's account of the presence of the ghostwriter offers a fascinating microcosm of the wider celebrity machine with insights pertinent to all celebrity mediation. Yelin surveys life writing genres including fiction, photo diary, comic strip, and art anthology, as well as more traditional autobiographical forms covering a wide range of media platforms and celebrity contexts including reality TV, YouTube pop stardom, and porn glamour modelling. Despite this diversity, Yelin reveals seemingly inescapable conventions as well as spaces for resistance. **Celebrity Memoir** from *Ghostwriting to Gender Politics* offers new insights on the curtailment of women's voices with ramifications for literary studies, memoir, feminist media studies, celebrity studies, and work on the politics of production in the creative industries.
